

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

INAUGURAL ADDRESS

OF

PATRICK J. BOYLE, MAYOR.

JANUARY 1, 1912.

To the Honorable the Representative Council and the Honorable Board of Aldermen:—

Through the courtesy of the City Treasurer I am able to submit the following general statement of the city's finances at the close of the fiscal year:

Finances.

Amount of Bonded Indebtedness	\$1,042,000.00
Amount of Outstanding Notes	50,000.00
Amount Unpaid Coupons	470.00
Gross Debt	1,092,470.00
Amount of revenue from all sources, including loans	922,777.62
Amount of expenditures	953,073.12
Cash in hand at close of fiscal year, 1911.....	31,273.36
Cash in treasury, January 1, 1911, approximately.....	41,000.00
Amount annual appropriations	711,262.25
Amount extra appropriations	9,711.34

During the past year a payment of \$11,000 was made on account of outstanding notes. As no bonds matured this year there has been no reduction in the bonded indebtedness.

It may be surprising to you to learn that our expenditures have exceeded our revenues by approximately \$15,000, as having had in hand at the beginning of the year \$41,000 we find that the balance remaining is slightly in excess of \$31,000 and in view of the fact that the amount of bills payable is reasonably certain to aggregate \$5,000 we will be obliged this year to begin hiring money earlier in order to meet our obligations, which action will entail the payment of a larger amount of interest.

The Commissioners of the Sinking Funds under the direction and with the advice of its efficient and far-seeing chairman have now invested practically the entire funds in high class bonds and have consequently thereby not only improved our financial standing but have also broadened the city's outside field of credit.

Public Utilities.

At a meeting of your Honorable Body held in March of the past year, you gave your endorsement to an act which had been introduced in the General Assembly of this State by a member

of this Council, the Hon. John B. Sullivan, who is also a member of the General Assembly. This act, known as the "Public Utilities Act," has for its purpose the regulation of all public service corporations, and as it is apparent that the passage of such an act would operate to the advantage of the community, giving as it does the power to the different municipalities which they do not now possess, I would recommend that your Honorable Body again endorse the act and appoint a committee to appear before the Legislature in favor of its passage.

Washington Street Boulevard.

The progress attending the opening of the proposed boulevard has been regrettably slow, owing to the many legal complications which have arisen and are now awaiting adjudication by the courts.

The delays caused by these complications have emanated mostly from sources which apparently have but little interest in the advancement of this important project, the completion of which means so much to the interest and future of Newport.

The Secretary of the Navy has shown a most generous spirit of co-operation in the matter by offering to construct a large section of the boulevard, which action ought to have the appreciation of every citizen of Newport—an appreciation sufficient to bury every selfish interest.

In the hope that the matter may be decided favorably to the city, the Representative Council should be seasonably prepared to act in conjunction with the government in the construction of the boulevard.

Playgrounds.

In a former inaugural address I advocated the purchase by the city of land to be used for playground purposes. I understand a petition is to be presented to you along this line reciting the necessity for the same, owing to the large, growing and prospective government institutions located and soon to be located here.

Within the past decade, as you are all aware, the growth of Newport as a naval center has been a phenomenal one. Where, but approximately fifteen years ago, the old gymnasium was ample to house all the apprentice boys who came to the Training Station, since then magnificent structures have been erected for their accommodation and at times there are as many as two thousand young men at the station.

At the Torpedo Station, the development has been one of marked proportions and I am informed that there are now five hundred skilled mechanics employed there, all of whom are resi-

dents of this city and contributing to its prosperity. Lately it has been announced that it is the intention of the naval officials to establish in Narragansett Bay a naval station equal to any in the world. As opposition to the selection of this site has arisen in other parts of the country, I would recommend that your Honorable Body, by resolution, express your interest in this matter and also urge the representatives of Rhode Island in Congress to use their best endeavors to secure for Newport this great plant which would mean so much to the prosperity of our citizens.

I would urgently recommend that you take prompt action in securing recreation grounds.

Bath Road Widening.

During the past year a generous and public spirited lady, Mrs. Rives, deeded to the city a large area of land on Bath road as the beginning toward the widening of that thoroughfare. The importance of Bath road as being the only street directly connecting Bellevue avenue with the beach is generally recognized, although not so generally appreciated. To quote a gentleman, for years greatly interested in the affairs of Newport:—

“Everyone believes that in these days of civic awakening and city beautifying, it is not only disgraceful but most injurious to any community to have a very narrow, unattractive connection between its handsomest residential street and its principal beach, and with the miles of country that are beyond the beach, thereby to all intents and purposes making a barricade between points of beauty that should be brought as close together as possible and by every device and science known to city planners by modern methods.”

In addition to Mrs. Grace W. Rives's gift there are for sale two estates on Bath road, a strip from which could probably be bought for a small price at this time, or perhaps acquired in the same manner, if we would take the necessary steps to secure them.

Again to quote, and from the same source:—

“At this time there is a simple, practicable and inexpensive method of beginning to widen Bath road, an opportunity that will probably not come again in years, that is to say, in case any of said Bath road land belonging to any one of these estates should change hands and thereby cause the present chance for prompt action to become a thing of the past.”

We should so appreciate the advantage and importance to Newport of this widening of Bath road as to promptly co-operate with those public spirited citizens who are trying so hard to advance our interests, and appoint a committee to take up this matter.

INAUGURAL ADDRESS

Condition of Streets.

The policy of expending only sufficient money to dress the top of the roadbed is ruinous to them and leads to an enormous outlay at a later day. There is no gain in spending a dime to save a nickel when such a practice later on entails the loss of a quarter. In other words, it is not wise to spend a small sum in covering over a defect when the expenditure of a larger sum would effect a permanent remedy. Such has been our practice for the past few years and we would do well to discontinue it.

There is no necessity to specify the streets now requiring prompt and proper attention as their condition must be plainly evident to you all.

Police Station.

It is to be regretted that no progress was made during the past year toward the building of a police station. It is needless to refer to the unsanitary condition and inadequate accommodations of the present station, as they have been the topic of the messages of the mayors and of the chiefs of police for the past twenty years. Owing to the recent increase of the force conditions have become worse and should be improved at the earliest possible moment. It seems to me, in view of the failure of the committees appointed by your Honorable Body, with no reflections on them, that if the matter of the new police station were referred to the Board of Aldermen, satisfactory results would follow, as the Board holds frequent meetings and the members are paid for such duties, which I believe come properly within their jurisdiction.

Sidewalks.

There are many streets in all sections of the city, many of them long in use and built upon both sides, without granolithic sidewalks, as the numerous petitions presented to your Honorable Body will bear witness. I believe they should, in all fairness to the abutters who pay taxes, be given consideration, and that ample appropriations should be made to begin this work as early as the weather will permit.

These taxpayers, who have no sidewalks, not only suffer the inconvenience and discomforts resulting therefrom, but must also pay their share of the bonds which were issued for the construction of the sidewalks now in use which their more fortunate neighbors now enjoy.

These sidewalks comprise one of the wisest investments ever made by the city. They have proved of incalculable advantage and an annual systematic extension should be liberally provided for.

Harbor Dredging.

The harbor, along the wharf fronts, should be dredged to a sufficient width and depth to permit of the safe and proper conduct of business by the citizens who are obliged to use this section. Under present conditions they are put to great expense and inconvenience, owing to the shallowness of the channel. To allow these conditions to continue is unjust to them and injurious to the business interests of the city of Newport in many ways. The city is as legally bound, in my opinion, to maintain proper conditions along the water front as it is to keep Thames street in proper repair.

The committee of twenty-five should investigate this matter and I am quite sure that after so doing they will recommend that the necessary money be provided to make the improvement so urgently needed.

Thames Street Pavement.

Something should be done this spring to deaden the noise of the pavement on Thames street. It has become an almost intolerable nuisance and a great detriment to business. The claim of its advocates as to its durability must be conceded, but I think the business men and their customers would be perfectly willing to sacrifice a little of its durability if a small measure of comfort in the transaction of business would be the consequence.

A coating of some kind should be applied. I am informed that a material is made for such purposes and that its cost is comparatively trifling.

Public Works.

All our municipal structures should be of a substantial nature, if we would exercise foresight with regard to future durability and economy. We no longer construct our public buildings of wood, which aside from the fact of the old saying that the character of a people is reflected in their public buildings, for the reason that we find it safer and more economical to use the more enduring materials. In the light of these facts you will pardon me in expressing the opinion that the Representative Council failed to give due consideration to the proposed beach improvement and acted hastily in accepting the plan submitted by the committee. The history of all such improvements in truly progressive communities, shows that the qualities of permanency and durability were appreciated and the necessary money expended in their accomplishment under the plan that those who were in the future to enjoy them should bear their part of the cost.

This is generally recognized as a sound business rule for a municipality to follow and time invariably has demonstrated its wisdom.

The demand for beach improvement among the people of our city is a general one. At the recent election the plan proposed by your committee appointed to consider the subject was approved by a large majority and I believe the greater number of those who voted against the project did so, not because they were not in favor of beautifying the beach, but because they considered that the plan was not sufficiently extensive to meet the requirements of these days and that its adoption would tend to hinder proper development at a future time.

Dumping Grounds.

During the past year the Board of Aldermen was unable to renew the present contract for the collection of city garbage owing to the fact that dumping grounds are no longer available here and consequently some other means must be adopted within a short time to dispose of such refuse. Incineration seems to be largely accepted in other cities as being the most sanitary, expeditious and economical process and it may be that the committee appointed by your Honorable Body last year to consider this subject will recommend some method or means of a similar nature.

The details of the operations and the needs of the various departments can be ascertained from a perusal of the annual reports of their heads, consequently I have not referred to them specifically. I cheerfully commend those in direct charge and responsibility for having maintained them in a high order of efficiency and conducting them economically for the public welfare during the past year.

PATRICK J. BOYLE,
Mayor.

New City Charter of the City of Newport

An Act to Revise, Consolidate, and Amend the Act Entitled "An Act Incorporating the City of Newport," and the Several Acts in Amendment Thereof and in Addition Thereto, Passed April 2, 1875.

It is Enacted by the General Assembly as follows:

Section 1. The inhabitants of the City of Newport shall continue to be a body politic and corporate by the name of the "City of Newport," and, as such, shall continue to have, exercise and enjoy all the rights, immunities, powers, privileges and franchises, and shall be subject to all the duties and obligations now incumbent on or pertaining to said city as a municipal corporation, or by virtue of the laws of this state; so far as the same shall not be altered by this act, or by any acts in amendment thereof. They may ordain and publish such ordinances and regulations as shall be needful to the good order of the said body politic, and may inflict fines and penalties for the breach thereof, not exceeding, for any offence, twenty dollars and ten days' imprisonment.

Sec. 2. The government and control of all fiscal, prudential and municipal affairs of said city, unless otherwise provided, shall be vested in a representative council, and unless otherwise specially provided, all the general or special powers conferred by statute upon city councils shall in the City of Newport be and hereby are vested in the said representative council.

Sec. 3. The representative council shall consist of one hundred and ninety-five members to be elected as follows: At the first election after the passage of this act the electors of each ward qualified to vote on any proposition to impose a tax or for the expenditure of money shall elect thirty-nine members who shall reside in the ward for which they are elected, thirteen of whom shall serve for the term of one year, thirteen for the term of two years, and thirteen for the term of three years; and thereafter the electors of each ward shall annually in like manner elect thirteen members to serve three years, and shall also at such election fill any vacancies that may exist for the unexpired term.

Sec. 4. The executive powers of the city, except as otherwise directed by the representative council, shall be vested in a mayor who shall be elected by the electors qualified to vote for general officers, and in five aldermen, one from each ward, to be elected by the electors of the city qualified to vote on any proposition to

impose a tax or for the expenditure of money. Each alderman shall be an elector in the ward for which he is nominated and the nominee for each ward receiving the highest number of votes shall be the alderman for that ward.

Sec. 5. The representative council shall meet annually on the first Monday in January at 12 o'clock noon and at such other times as they shall adjourn to or by rule prescribe; they shall also meet upon the written request of twenty-five members or upon the request of the board of aldermen, the request for such meetings to be filed with the city clerk.

Sec. 6. The representative council shall choose a chairman from their number who shall preside at their meetings. The city clerk shall act as clerk of the representative council.

Sec. 7. The chairman of the representative council shall annually at the first meeting in January appoint a committee of twenty-five members, five members from each ward, which committee shall consider the subject of the annual appropriations for the ensuing year and make report thereon at an adjourned meeting of the representative council, which report shall be printed and distributed to the voters qualified to vote upon the expenditure of money at least seven days before said adjourned meeting.

Sec. 8. Any vacancy in the representative council, from any ward, may be filled by the members from such ward from among the qualified electors of such ward for and during the remainder of the current municipal year.

Sec. 9. The representative council may determine the rules of its procedure and judge of the election of its members. A majority of all the members of the representative council shall constitute a quorum for doing business, but a less number may organize temporarily, and may adjourn from time to time. All meetings of the representative council shall be held with open doors and the records of their proceedings shall be kept by the city clerk and shall be open to public inspection. Subject to such conditions as may be determined from time to time by the representative council, any taxpayer or voter of the city may speak but not vote at such meetings. The members thereof shall receive no compensation for their services as members of the representative council.

Sec. 10. The representative council shall have power to levy and collect taxes for all purposes for which towns or cities are authorized to levy and collect taxes, and to appropriate and expend the same as they are or may be authorized by law; to make ordinances and regulations for the government of said city, except as otherwise provided by law, relative to streets, sidewalks and highways, and to the ordering of the same to be made, and to mending, paving, cleaning and lighting the same; to landing places,

wharves, the anchoring and mooring of vessels, and to injuries and encroachments upon the river and harbor; to the fire department of said city, and the protection of said city from fires; to the police department, and the security of the city from riotous and disorderly persons; to taverns, cookshops, oyster houses, and all places of entertainment; to public shows, entertainments, exhibitions, and spectacles, and the licensing or prohibition thereof; to the construction, use, and regulation of theatres, and all public places of amusement; to the public health; to public burying grounds, and the burial of the dead; to foot or sidewalks in the streets, and to posts, gutters, drains, signs, steps, cellar doors, windows and lamps therein; and shall have power to make ordinances and regulations necessary to the welfare of said city and all other general powers necessary for the government of said city not inconsistent with law.

Sec. 11. The representative council shall also have power to inflict penalties for the breach of any such ordinances; provided, that such ordinances shall not be contrary to the laws of this state and that nothing herein contained shall be construed to exempt offenders from the punishment or penalty already prescribed by the laws of this state for any of the offences herein described. All penalties provided for by any ordinance of said city shall be forfeited to the use of said city or to such persons and uses as shall be by such ordinances prescribed; and they may be sued for and recovered in any court of competent jurisdiction.

Sec. 12. The representative council at the beginning of each municipal year shall elect a city treasurer, a city clerk, a judge of probate, a probate clerk, a collector of taxes, a city solicitor, one assessor of taxes, and all such other city or municipal officers provided for by the laws of this state or otherwise as may be necessary or proper, and for the term provided by law; and they shall also elect from time to time all such officers as may be needful or proper to carry into execution the powers of said city unless the appointment of such officers be prohibited or the mode of their election be otherwise specially prescribed by law; and may provide by ordinances or otherwise for the election of such other officers as are not hereinbefore designated, and shall have power to employ heads of departments and such other officers as they may see fit. They may delegate to the board of aldermen the election of any officers not specially named or not by special act required to be elected by the representative council.

Sec. 13. The representative council shall fix the salaries and define the duties of all city officers except as otherwise provided by law. The salaries shall be fixed before the election of the officers

and shall not be changed during the term for which they are elected, but the salary of mayor and members of the board of aldermen for the year commencing January 7, 1907, shall be fixed at the first meeting in January, 1907.

Sec. 14. The representative council may, if two-thirds of all the members elected vote in the affirmative, remove for misconduct or incapacity any officer except such as are elected by the people.

Sec. 15. The representative council shall have power to delegate to the board of aldermen such ministerial powers as are by statute or by this charter conferred upon said representative council.

Sec. 16. It shall be the duty of any officer or employe of the city at the request of the representative council, in accordance with any general rule or special vote of said body, to appear before it and give such information as it may require in relation to any matter, act or thing connected with his office or employment.

Sec. 17. A vote of the representative council in favor of any proposition requiring the expenditure of ten thousand dollars or more in addition to the regular annual appropriations shall not become operative until after the expiration of a period of seven days from the day of the final passage of such vote. If, within the said period of seven days, a petition be addressed to and filed with the city clerk signed by at least ten qualified electors from each ward in addition to at least one hundred qualified electors of the city, asking that such proposition be submitted to the qualified electors of said city, the board of aldermen shall within thirty days from the filing of such petition submit such question to the qualified electors at ward meetings specially held for such purpose. Pending said period of seven days the action of the representative council shall be suspended, and if the said petition be filed then it shall be further suspended until the result of said election be declared, and if a majority of the electors voting thereon approve said proposition it shall become a law, otherwise it shall be null and void.

Sec. 18. Upon the written petition signed by at least one hundred electors qualified to vote upon the proposition therein set forth, filed with the city clerk, addressed to the representative council, and requesting the passage of any ordinance or any proposition for the expenditure of money exceeding the sum of ten thousand dollars, there to be specifically set forth, the representative council shall at its next meeting proceed to consider the same and shall before the adjournment of said meeting pass its final vote thereon. If the said ordinance or proposition be disap-

proved by the representative council the said vote shall be inoperative for a period of seven days, and if within said period of seven days after said disapproval a petition be addressed to and filed with the city clerk signed by at least twenty qualified electors from each ward in addition to at least two hundred qualified electors of the city asking that such proposition be submitted to the qualified electors of said city, the board of aldermen shall within thirty days thereafter submit said ordinance or proposition to the qualified electors of the city at ward meetings specially held for that purpose, and if a majority of the electors approve such ordinance or proposition it shall become a law, otherwise it shall be null and void.

Sec. 19. No sum appropriated for a specific purpose shall be expended for any other purpose unless otherwise specially authorized by vote of the representative council. No expenditure shall be made nor liability incurred by or in behalf of the city until an appropriation has been duly voted by the representative council sufficient to meet such expenditure or liability together with all prior unpaid liabilities which are payable out of such appropriation.

Sec. 20. The representative council, the mayor, and the board of aldermen and all other city officers shall be sworn or affirmed to the faithful performance of the duties of their respective offices and to support the constitution of this state and of the United States in the form provided by the laws of this state.

Sec. 21. The mayor shall be the president and ex-officio a member of the board of aldermen. He shall have power to investigate all departments of the city and may suspend any city officer for sufficient cause. In case of suspension he shall within five days call a meeting of the board of aldermen and lay before the board a specification of the charges preferred against such officer, and if said board shall not sustain such charges the officer shall be immediately restored to office; but if said board shall sustain said charges the office shall become vacant unless such officer shall within ten days claim an appeal to the representative council, who shall finally determine the matter.

Sec. 22. The board of aldermen shall exercise a general supervision over all matters affecting the welfare of the city; they shall form the several committees for the administration of the different departments of the city government and shall report the condition of the same, together with recommendations thereon, at the annual meeting of the representative council, which report shall be published annually; they shall attend the meetings of the representative council and give such information as may be required.

Sec. 23. Unless otherwise specially provided, all the powers, general or special, now conferred by statute upon town councils and boards of aldermen shall in the city of Newport be vested in the board of aldermen.

Sec. 24. The board of aldermen may determine the rules of its procedure. It shall elect a chairman who shall preside and perform the duties of the mayor in case of the absence or inability of the mayor to act.

Sec. 25. The mayor and the members of the board of aldermen shall receive a salary to be fixed by the representative council and shall receive no other compensation whatsoever for any services rendered to the city. Neither the mayor nor any aldermen shall enter into or be interested in any contract with the said city or any department thereof, nor shall either of them vote upon any proposition or with reference to a contract between the city of Newport and any corporation in which either is a stockholder.

Sec. 26. In case of vacancy in the office of mayor or of any member of the board of aldermen the representative council may call a special election to fill the vacancy.

Sec. 27. On and after January 1, 1908, Chapter 804 of Public Laws, entitled "An act to establish a board of Police Commissioners for the City of Newport," and all acts in amendment thereof and in addition thereto shall be repealed, and thereupon all the powers over and control of the police within the City of Newport shall be vested in the mayor, by and with the consent of the board of aldermen of the City of Newport, subject to the direction of the representative council. During the month of January, 1908, the representative council shall elect three commissioners, one of whom shall hold office for one year from the first day of January, 1908, one who shall hold office for two years from said date, and one who shall hold office for three years from said date, and annually thereafter in the month of January the representative council shall elect one commissioner to hold office for three years, which commissioners shall have and exercise all the powers and duties conferred by law upon license commissioners under the provisions of Chapter 102 of the General Laws and of any acts in amendment thereof and in addition thereto. Said commissioners shall receive such compensation as the representative council shall determine, and the said representative council may fill all vacancies in said board of commissioners caused by death, resignation or otherwise.

Sec. 28. Nominations of candidates under this act shall be made by nomination papers filed with the city clerk at least twelve days before election, and no nomination paper shall be

valid in respect to any candidate whose written acceptance is not thereon. Nothing shall be printed or written on any nomination paper except the name and residence of the candidate and the office for which he is nominated, the names and addresses of the nominators and the acceptance of the candidate. Nominations of candidates for the representative council shall be signed by at least thirty electors qualified to vote upon any proposition to impose a tax or for the expenditure of money and residents of the ward from which the candidate is nominated. Nominations of candidates for the board of aldermen shall be signed by at least one hundred electors who are qualified to vote upon any proposition to impose a tax or for the expenditure of money and residents of the City of Newport. Nominations of candidates for the school committee shall be signed by at least one hundred qualified electors of the City of Newport, and nominations of candidates for mayor shall be signed by at least two hundred and fifty qualified electors of said city. No person shall sign nomination papers for a greater number of candidates than he has a right to vote for at the election for which the nominations are made

Sec. 29. On the first Tuesday in December in every year the qualified electors of said city shall give in their votes in their respective wards for a mayor to serve for one year from the first Monday of the next January and until his successor be elected and qualified, and four members of the school committee to serve for the term as by law provided; and on the same Tuesday in every year the electors of each ward qualified to vote on any proposition to impose a tax or for the expenditure of money in said city shall give in their votes for five aldermen to be elected by the people at large to serve for the term of one year and until their successors are elected and qualified, and such number of members of the representative council to serve for such terms as herein provided. Nothing shall be printed or written upon the ballot except the name of the candidate, his residence, the office for which he is nominated and such other non-political facts as the election laws of this state may require; in all other respects the election shall be in conformity with the laws of the state now or hereafter in force concerning elections under the secret ballot law.

Sec. 30. For the purpose of holding elections, the city shall be divided into five wards, to contain as nearly as may be convenient an equal number of inhabitants and electors. And it shall be the duty of the representative council from time to time, not oftener than once in five years, if needful, to revise and alter the said wards in such manner as to preserve, as nearly as may be,

such equality. The present division of said city into wards shall be and hereby is continued until the same shall have been revised and altered as above provided.

Sec. 31. All ordinances of the City of Newport in force at the time of the passage of this act shall continue in force until amended or repealed by the representative council.

Sec. 32. The passage of this act shall not affect any right accruing or accrued, or any suit, prosecution, or other legal proceeding pending at the time when it shall take effect as herein provided, and no penalty or forfeiture previously incurred shall be affected thereby. All persons holding office in said city at the time this act shall take effect shall continue to hold such office until the first Monday in January, nineteen hundred and seven, and until their successors are elected and qualified.

Sec. 33. This act shall be submitted for approval or rejection to the qualified voters of the City of Newport on the sixth day of June, 1906, in accordance with Chapter 11 of the General Laws, and the city clerk of said Newport shall issue his warrant, notifying and warning the qualified voters to meet in the several ward meetings in said city, there to cast their ballot for or against the approval or rejection of this act. The polls in the several ward meetings shall be kept open during the hours now provided by law in elections for general state officers and members of the General Assembly and the ballots deposited in the several ward meetings upon the closing of the polls in said wards respectively shall be sorted and counted by the wardens and clerks of said meetings in open ward meeting, and the result in each of said wards shall thereupon be announced by the warden thereof and the ballots thereupon shall be sealed up and returned to the city clerk of said Newport. The board of aldermen of said Newport shall thereupon, on the day following said ward meetings, proceed to count the ballots for and against the acceptance of this act, and shall declare the result. If a majority of the ballots deposited as aforesaid shall reject, this act shall not go into effect; but if a majority of the electors voting at said ward meetings shall approve then this act shall take effect as herein provided. Said board of aldermen shall cause a copy of such declaration, certified by the city clerk, to be deposited with the secretary of state, and shall also cause the result of said count to be entered upon the records of said city.

Sec. 34. So much of this act as authorizes the submission of the question of its acceptance to the electors of the City of Newport shall take effect upon its passage, but it shall not take further effect unless accepted by the electors of said city as herein pro-

vided. If approved by the electors of said city, then this act for the purpose of nominating and electing officers hereunder in lieu of the annual election for city officers, shall take effect on the first day of October, nineteen hundred and six, and for all other purposes this act shall take effect on the seventh day of January, nineteen hundred and seven, and thereupon all acts and parts of acts inconsistent herewith are hereby repealed.

(Adopted by vote of the people June 6, 1906.)

Resolved, That a committee of five members of this Council, together with the City Solicitor, be appointed by the Chairman to appear before the Legislature and urge the passage of an Act now pending before the Legislature, entitled, "Public Utilities Act," a copy of which Act is hereto annexed and hereby made a part of this resolution.

State of Rhode Island, &c.,
In General Assembly,
January Session, A. D. 1911.

An Act to require all persons, firms and corporations owning or operating a telephone or telegraph line, system of exchange, or a street railway line or system, or a tunnel, subway, conduit or viaduct, or engaged in furnishing gas, steam or electricity for lighting, heating or power, or engaged in furnishing water or heat, under franchises granted by this State or any of the cities or towns thereof, or otherwise operating in such cities or towns, and all persons, firms, and corporations owning or operating any other public utilities under franchises granted by this State, or any of the cities or towns thereof, or otherwise operating in such cities or towns, to charge no more for the service of such utilities than shall be fixed by ordinance by the cities or towns within which such utilities are operated, and granting to all cities or towns within this State the power and authority to fix, by ordinance, the rates to be charged for such services, and provide penalties for violation thereof, and to provide for a judicial hearing and determination of the validity of any such ordinance and the reasonableness of the rates fixed thereby.

It is enacted by the General Assembly, as follows:

Section 1. All persons, firms and corporations owning or operating a telephone or telegraph line, system or exchange, or a street railway line or system, or a tunnel, subway, conduit or viaduct, or engaged in furnishing gas, steam or electricity for lighting, heating or power, or engaged in furnishing water or heat, under franchises granted by this State or any of the cities or towns thereof, or otherwise operating in such cities or towns, and all persons, firms and corporations owning or operating any other public utilities under franchises granted by this State, or any of the cities or towns thereof, or otherwise operating in such cities or towns, are hereby required to charge no more for the services of such utilities than such rates as shall be fixed from time to time by ordinance, by the cities or towns in this State in which such

utilities are operated, and such cities or towns are hereby granted power and authority to fix, by ordinance, the rates of charge for the services of such utilities within their corporate limits, and to provide and enforce fines and penalties for the violation thereof, and to change such rates, by ordinance, from time to time, as often as may be deemed necessary. Provided, however, that such rates must be reasonable, and shall not be changed oftener than once every five years.

Sec. 2. Any such person, firm or corporation owning or operating any of the utilities mentioned in Section 1 of this Act and claiming to be aggrieved by the rates fixed by such ordinance shall have the remedy herein provided, to have the validity of such ordinance and the reasonableness of such rates determined by the superior court of the county in which such city or town may be situated. The party so complaining shall, as plaintiff, file in the superior court within twenty days after the passage of such ordinance, a petition against such city or town, as defendant, setting forth the objections to such ordinance, whereupon summons shall issue and be served upon such city or town, and pleadings shall be filed and proceedings had as in other cases. The plaintiff or defendant shall have the right of appeal to the proper appellate court of the State as in other cases. Said cause shall be speedily heard and determined, and shall have preference in time in the superior court and appellate courts over other civil actions. Nothing contained in this section shall be construed to mean that any power or jurisdiction is conferred upon said courts to fix such rates or regulate the charges of any such public utilities.

Sec. 3. Any such city or town may, by ordinance, provide for and establish a committee or commission to make investigation into all facts and matters touching the establishing of such just and reasonable rate or rates of charge, and after such investigation said committee or commission shall report its findings and recommendations to the city councils of the several cities, or the town council of the several towns, or the Representative Council of the City of Newport, and all such cities and towns shall have power and authority, by ordinance, to require and enforce the production of books and papers, and compel the attendance of witnesses before the city councils of the several cities, or the town councils of the several towns, or the Representative Council of the City of Newport, or any duly constituted committee or commission thereof, for the purpose of ascertaining what is a just and reasonable rate or rates.

Sec. 4. All Acts or parts of Acts inconsistent herewith are hereby repealed.

An Ordinance concerning licenses to street venders of meats, etc., in the City of Newport.

Section 1. No person, persons, firms, co-partnership or corporations shall expose, sell or offer for sale from any vehicle on any street, square, lane or alley within the City of Newport any meats, fruits, poultry, fish, vegetables or food products of a perishable nature without first obtaining a license so to do from the Board of Health.

Sec. 2. Every person to whom a license shall be granted by the Board of Health, before receiving the same, shall pay to the Clerk of the Board of Health the sum of five dollars.

Sec. 3. Every person licensed under this Ordinance shall obtain from the Board of Health a badge, by it to be provided, and shall at all times, while engaged in the business for which he is licensed, wear said badge on the outside of his outside garment. Such badge shall bear in black enamel a number which shall correspond to the badge number on the license, and shall be issued upon the deposit of fifty cents to such person as shall obtain the license bearing such badge number, and upon the surrender of such badge to the Board of Health, said deposit shall be returned.

Sec. 4. No person shall wear any such badge after the expiration or revocation of the license represented by it; and any licensed person who shall suffer any such badge, issued to him as aforesaid, to be used by another person for a purpose similar to that for which the badge was issued to him, shall forfeit such badge together with the license represented by it.

Sec. 5. No license shall authorize any person other than the one named therein to act thereunder, and no license shall be transferable.

Sec. 6. Any person who shall neglect or refuse on demand by any police officer or duly authorized officer of the Board of Health to exhibit to him his badge, shall be deemed for the purposes of this ordinance, to be unlicensed, and to have violated the provisions thereof.

Sec. 7. Any person violating any of the provisions of this ordinance shall be imprisoned not more than ten days or fined not more than twenty dollars for each offence.

Sec. 8. All ordinances or parts of ordinances inconsistent herewith are hereby repealed. This ordinance shall take effect upon its passage.

An Ordinance in relation to peddlers in certain goods, wares and merchandise.

Amended by substituting the word "garment" for the word "coat" in the 5th section and by crossing out the words "for the space of ten minutes after" and substituting the word "on" in the 8th section and passed as amended.

Section 1. No person shall hawk or peddle, or sell, or offer for sale on any street, square or alley within the City of Newport any goods, wares, merchandise or other articles and substances from carts or baskets without first obtaining a license authorizing such person to sell such goods, wares, merchandise or other articles and substances on the streets, lanes, squares or alleys of said City of Newport in accordance with the following provisions of this Ordinance.

Sec. 2. All hawkers and peddlers and all persons selling or offering for sale any goods, wares, merchandise and other articles and substances on any street of the City of Newport, shall make application for a license to the Board of Aldermen of said City, even if such person holds a State license under the provisions of Chapter 191 of the General Laws of the State of Rhode Island; and upon approval of such application by the Board of Aldermen of the City of Newport the City Clerk shall issue a license accordingly to such persons, respectively, to sell the articles and substances hereinbefore mentioned in such manner as shall be specified in such license upon any street in said city.

Sec. 3. Every person to whom a license shall be granted by the Board of Aldermen, before receiving the same, shall pay to the City Clerk the following fees, which are hereby established, respectively, viz.: For selling or offering for sale, as a hawker or peddler, watches, jewelry, gold and silverware, or other articles manufactured of german silver, or patent medicines, fifty dollars. For selling or offering for sale, as a hawker or peddler, goods, wares and merchandise, articles or substances other than watches, jewelry, gold or silverware, or articles manufactured of german silver, or patent medicines, from wagons or carts or from hand or push carts, five dollars. For selling or offering for sale as a hawker or peddler, goods, wares and merchandise, articles or substances other than watches, jewelry, gold or silverware, or articles manufactured of german silver, or patent medicines on foot, without wagon or cart, five dollars.

Sec. 4. No license fee shall be charged to any person selling religious books and publications in behalf of Bible, tracts or other religious or moral societies for the purpose of promoting religious or moral improvement and which are sold for that purpose and not for any pecuniary profit; nor to any person selling or offering to sell or peddle any tow-cloth, knit stockings, glove mitts, or other articles of household manufacture or articles manufactured with his own hands, nor to any person who shall receive a license from the General Treasurer in accordance with the provisions of Section 15, Chapter 191 of the General Laws.

Sec. 5. Every person licensed under this Ordinance shall obtain from the City Clerk a badge, by him to be provided, and shall at all times, while engaged in the business, wear such on the outside of his outside garment. Such badge shall bear in black enamel a number which shall correspond to the badge number on the license and shall be issued on the deposit of fifty cents to such person as shall obtain the license bearing such badge number, and upon the surrender of such badge to the City Clerk, said deposit shall be returned.

Sec. 6. No person shall wear such badge after the expiration or revocation of such license represented by it, and any licensed person who shall suffer any such badge, issued to him as aforesaid, to be used by another person, for a purpose similar to that for which the badge was issued to him, shall forfeit such badge, together with the license represented by it.

Sec. 7. No license shall authorize any person other than the one named therein to act thereunder, and no license shall be transferable.

Sec. 8. Any person who shall neglect or refuse on demand by any police officer to exhibit to him his license and badge, shall be deemed, for the purpose of this Ordinance, to be unlicensed, and to have violated the provisions thereof.

Sec. 9. Any person violating any of the provisions of this Ordinance shall be imprisoned not more than ten days or fined not more than twenty dollars for each offence.

Sec. 10. This Ordinance shall take effect upon its passage.

Sec. 11. All Ordinances or parts of Ordinances inconsistent herewith are hereby repealed.

Proposed franchise between the City of Newport and the Providence Telephone Co. Read, approved and the Board of Aldermen authorized to execute the same in behalf of the city.

Agreement.

This Agreement made and executed this day of April, A. D. 1911, by and between the City of Newport, a municipal corporation created by the General Assembly of the State of Rhode Island, of the first part, and the Providence Telephone Company, a corporation created by said General Assembly for the purpose of carrying on a general telephone business in said State and for that purpose authorized to erect and maintain poles and wires and to build underground subways, conduits and ducts for carrying wires therein for telephone purposes, and doing business in said City of Newport; but having its office and principal place of business in the City and County of Providence in said State, of the second part,

Witnesseth,

That said party of the first part in consideration of the premises and agreements of said party of the second part hereinafter contained, does hereby grant to said party of the second part the right and franchise to lay, construct, maintain and use for the purpose for which said party of the second part was created, conduits, ducts, pipes, poles or subways, and such wires, cables and other fixtures and appurtenances as may be necessary and convenient for the conduct of the business of said party of the second part in and under the streets and highways of said City of Newport, and in connection therewith to construct, maintain and use all such man-holes, connections and distributing facilities under and above ground as may be necessary and convenient to carry on said telephone business, and in pursuance of the authority conferred on said party of the first part in and by Chapter 91 of the General Laws of said

State, does also hereby grant to said party of the second part the exclusive right and franchise for the period of five years next succeeding the date hereof, to so lay, construct, maintain, and use for the purposes aforesaid, conduits, ducts, pipes, poles and subways, and such wires, cables, and other fixtures and appurtenances as may be necessary and convenient as aforesaid in and under the streets and highways of said City of Newport, and in connection therewith to construct, maintain and use all such man-holes, connections and distributing facilities both under and above ground as may be necessary and convenient to carry on said telephone business; this exclusive grant, however, being subject to all the conditions, restrictions, obligations and limitations imposed by and contained in said Chapter 91 of the General Laws.

And at the end of said period of five years the said Providence Telephone Company shall continue to furnish telephone service under the same terms, conditions and requirements, and at rates not exceeding those hereinafter specified, and subject to the same provisions and limitations of said Chapter: Provided, however, that either the Providence Telephone Company or the City of Newport may, at any time after said period terminate all the rights and requirements of this contract by giving six months previous notice in writing to the other party.

And said party of the second part in consideration of the exclusive grant hereinbefore made, does hereby promise and agree to and with said party of the first part in manner following, that is to say:—

That the said party of the second part will during said term of five years, strictly observe and perform all of the conditions, limitations, obligations and restrictions provided in and by said Chapter 91 of the General Laws for the government of corporations to which grants are made under and by virtue of the authority contained in said Chapter.

That the said party of the second part during said term will pay to the City Treasurer of said City of Newport a special tax upon the gross earnings (of said party of the second part), within said City of Newport at the rate of three per centum per annum, the amount of said gross earnings to be ascertained as provided in said Chapter 91 of the General Laws.

That said party of the second part will during the term aforesaid make reasonable and prudent provision for the maintenance and extension of the telephone service in said City of Newport, and that said party of the second part shall not at any time during the continuance of the term aforesaid, charge for its product, wares or service to said City of Newport or to the inhabitants thereof any greater price or rates than the price or rates now actually charged

by it for said product, wares or service, and that during said term the telephone facilities furnished by said party of the second part within said City of Newport shall be equal to the service now furnished by said party of the second part.

That said party of the second part will, during the term aforesaid, whenever the Representative Council of the City of Newport, shall in writing, give notice to said party of the second part, that it is proposed by said City to build, macadamize or pave any street or highway in said City in which there shall be at the time no distributing conduit, pipe or subway of said party of the second part, and request it, the said party of the second part, if therefore authorized by ordinance, to lay such conduit, pipe or subway therein, within ninety days after such notice, weather permitting, said party of the second part shall lay such conduit, pipe or subway in accordance with such request.

That in exercising the franchise hereby granted the said party of the second part agrees to employ as unskilled laborers so far as practicable only citizens of said City of Newport.

That as soon as any work of construction or repair is completed, the said Company (party of the second part) its successors or assigns, shall, at its, or their, own cost, replace the streets, alleys or sidewalks with the same material of which the adjoining portions of such streets, alleys or sidewalks are constructed; and said party of the second part, its successors or assigns shall keep all such portions of the streets, alleys and sidewalks so replaced by them in good condition for twelve months from the time of replacing the same, and said party of the second part shall keep all such conduits, ducts, pipes and subways in such condition as in no way to interfere with the use of the streets, squares, alleys, sidewalks and public places as public highways; and all such work of construction and repair hereby authorized and required, shall be done to the satisfaction of the Street Commissioner of said City of Newport. In all cases when work of repairing the streets or sidewalks is required to be done by said Company, the City of Newport reserves the right to itself, at its option of doing the same, in which case the expense thereof shall be paid by said Company.

That all such conduits, ducts, pipes, poles or subways shall be so constructed as to permit of the placing therein of any signal or telephone wires that now or hereafter (during said term), may belong to said City of Newport and be used by it for fire alarm or other municipal purposes, and said wires of said city shall at all times in consideration of this grant, be permitted to be kept by said City in said conduits, ducts, pipes, poles and subways without charge to said City; and the said party of the second part also agrees to assist in the drawing in of such cables as may be placed

in said ducts by said City of Newport and also to assist in the removal of any overhead wires of said City that may be necessary, without expense to said City; provided that the said laying of cables and removal of wires shall be performed at the same time that the said telephone company are laying out its cables and removing its wires. That said Telephone Company during the continuance of the franchise granted in, and by, this contract, will give to the inhabitants of said City of Newport, a proportional reduction in telephone rates for equivalent service in case the Telephone Company shall during said term make any general reduction in its rates for similar service in the territory supplied by the said Telephone Company.

That said Telephone Company, its successors and assigns, shall indemnify the City of Newport for all damages which shall accrue to said City or be adjudged against it by reason of the exercise, by said Company, its successors or assigns, of any of the privileges or franchises hereby granted.

It is further agreed and mutually understood by and between the parties hereto that nothing in this agreement contained shall be construed to modify or annul any existing ordinances of said city or any agreement heretofore made by and between the parties thereto, except in so far as the same is modified during said period of five years by said Chapter 91 of the General Laws, or hereinbefore specifically modified, nor to authorize or permit said party of the second part in any way to interfere with the use as public highways of the streets of said City, without in every case obtaining such special permission as would be required to be obtained if the grant aforesaid had not been made.

And for the true and faithful performance of the conditions of this agreement said Telephone Company hereby agrees to and with said City of Newport to give, execute and deliver unto the said City of Newport a bond in the sum of fifteen thousand dollars, said bond to be filed in the office of the City Clerk of the City of Newport; the condition of the aforesaid bond to be that if said Telephone Company shall well and truly carry out the provisions of this agreement then the bond shall be null and void, otherwise to remain in full force and effect.

No forfeiture of the company's rights shall occur under any of the provisions of this contract because of accident, error or mistake in making the quarterly returns herein provided for, unless said Telephone Company, for the period of sixty days, after the discovery and admission of any such accident, error or mistake shall neglect or refuse to correct the same and in case of disagreement between the parties hereto as to the correctness and regularity of such returns no such forfeiture shall occur unless said Com-

pany, for the period of sixty days after final judgment of court thereon, shall fail to pay such judgment as may be rendered against it. All suits on account of alleged accident, error or mistake shall be commenced within two years after the time of the discovery of said accident, mistake or error.

In Witness Whereof said City of Newport has caused these presents to be signed by the Mayor of said City and the corporate seal to be affixed hereto and the Providence Telephone Company has caused these presents to be executed by its President, Dexter B. Potter, thereunto duly authorized, the day and year first above written.

M. and 6 P. M." Sections 33, 34 and 35 were stricken out. Sections 36 to 43 were re-numbered and the Ordinance was passed as amended.

An Ordinance Relative to Streets, Sidewalks and Highways in the City of Newport, and Vehicles and Travel Therein or Thereon. It is ordained by the Representative Council of the City of Newport, as follows:—

Section 1. Regulation of streets, sidewalks and highways in the City of Newport, and vehicles and travel therein or thereon are hereby established as follows:—

Vehicles in Motion.

1. A vehicle, except when passing a vehicle ahead, shall keep to the right and as near the right curb as possible.

2. A vehicle meeting another vehicle shall pass on the right.
3. A vehicle overtaking another vehicle shall, in passing, keep to the left, but it shall not leave the line on the right unless there is a clear way of at least fifty feet in advance on the left. This regulation shall apply to vehicles passing a street car which has stopped to take on or allow passengers to alight.
4. A vehicle in turning to the right into another street shall keep as near as possible to the right curb.
5. A vehicle in turning to the left into another street shall, so far as the vehicle will permit, pass to the right and beyond the centre of the intersecting street before turning.
6. A vehicle crossing from one side of the street to the other shall do so by turning to the left, and shall head in the general direction of traffic on that side of the street.
7. Slow moving vehicles shall keep as close to the curb on the right as possible, so as to allow faster moving vehicles free passage on the left.
8. No person having charge of a vehicle shall allow the same to come within ten feet of any vehicle in front of him when approaching and passing over a crossing where a pedestrian is about to pass.
9. No person shall drive, guide or have the care of two or more horses harnessed, respectively, to different vehicles.
10. No person shall ride, drive or cause to be driven any horse or vehicle over that part of any street which is being mended, repaired or paved, of any part of such street, if whole is closed to travel.

Signals.

11. Every driver of a vehicle shall, in slowing up or stopping, give a signal to those behind by raising a whip or hand.
12. In turning while in motion, or in starting to turn from a standstill, a signal shall be given by the driver of the vehicle about to be turned by raising a whip or hand, indicating the direction in which the turn is to be made.
13. Before backing ample warning shall be given by voice or uplifted hand, and while backing unceasing vigilance must be exercised by the driver so as not to injure those behind.
14. At all times drivers of vehicles must stop the same on a signal from a police officer in uniform, or if not in uniform upon said police officer displaying his badge.

Right of Way.

15. Fire department, police, ambulance and United States mail vehicles shall have the right of way through any street and through any procession.

16. The driver of any vehicle proceeding on the track in front of a street car shall, as soon as possible, turn out on a signal by the motorman or conductor of the car.

17. A vehicle waiting at the curb shall promptly give place to a vehicle about to take on or let off passengers.

Speed of Vehicles.

18. No vehicle shall proceed at a rate of speed greater than the law allows; and at no time shall a vehicle be driven with a reckless or negligent disregard of the condition then obtaining and the rights of others.

19. On approaching a crossing of intersecting streets, also in traversing a crossing of an intersection of streets, and in going around a corner or curve in the highway, a vehicle shall not be driven at a rate of speed other than that which is reasonable and proper, having regard to traffic at the time and place, and the use of the way and the safety of the public.

Stopping, Standing and Turning.

20. No vehicle shall stop with its left side to the curb.

21. Unless in an emergency or to allow another vehicle or a pedestrian to cross its way, no vehicle shall stop in any public street except close to the curb.

22. No vehicle shall stop or stand within the intersection of any street, nor within ten feet of a street corner, nor on any cross walk, except in case of emergency or when directed to do so by a police officer in uniform, or if not in uniform upon said police officer displaying his badge.

23. A person having charge of a vehicle shall not stop the same abreast of or opposite another vehicle lengthwise of a street in any street, except in case of accident or emergency.

24. No person having charge of a vehicle shall place the same in any street so as to prevent or obstruct the passing of other vehicles or surface cars, unless for a reasonable time when necessary.

25. No driver or person having charge of a vehicle in a street shall refuse or neglect to stop the same when, and as, directed by a police officer in uniform, or if not in uniform upon said police officer displaying his badge, any of these regulations to the contrary notwithstanding.

26. No vehicle incapable of being turned about without backing shall be turned about on Thames street, between Touro street and the Post Office.

27. When a horse drawn vehicle is backed up to the curb, the horse or horses shall be turned to stand, so far as the vehicle will permit, parallel with the sidewalk and headed in the general direction of travel for the side of the street on which the vehicle is standing.

28. No horse shall be left unattended for a longer period than ten minutes in any street unless he is securely fastened by being tied to a post or weight, or unless one or more of the wheels of the vehicle to which he is harnessed are securely tied, fastened or chained, and the vehicle is of sufficient weight to prevent its being dragged at dangerous speed with the wheels so secured.

29. No horse or vehicle shall be driven, backed, led, moved, trundled or allowed to stand on any sidewalk, except for the purpose of crossing the same when necessary, and then only in the shortest way from the street to the abutting estate.

30. Every driver or person having charge of any horse or vehicle on a street shall remove the same to another place on such street or from such street to some other street whenever directed so to do by any police officer in uniform, or if not in uniform upon said police officer displaying his badge; and in case of neglect or refusal after such direction any police officer may remove the same to and leave the same in such other place or other street.

31. Any police officer in uniform, or if not in uniform upon said police officer displaying his badge, in his discretion, may remove any horse or horses, vehicle or vehicles, left upon any street not in the apparent charge of any driver or other person, or in violation of any of these regulations, to another place on such street, or from such street to some other street, or to the city yard, and there leave the same.

32. No person owning, possessing or having the care of any cart, coach, dray, sleigh, sled, carriage or motor vehicle of any description shall store or permit the same to remain unemployed and out of use in or on Thames street, between Touro street and Franklin street, except temporarily in case of emergency, between the hours of 10 A. M. and 6 P. M.

33. No vehicle shall, from the fifteenth day of June to the fifteenth day of October, in any year, turn, or attempt to turn on Bellevue avenue, in this city, between the south side of Bath Road and the north side of Bowery street, nor between the north side of Pelham street and the intersection of Touro street with Bellevue avenue, but, in such cases such vehicles shall proceed in the direction in which they are going to the point hereinbefore mentioned before turning or attempting to turn.

34. No one shall so load a vehicle with iron or other material that may strike together without properly deadening it so that it will cause no unnecessary noise.

35. No one shall crack or so use a whip as to annoy, interfere with, or endanger any person or excite any horse other than the one he is leading or driving.

36. No person shall enter, go upon, ride upon, cling to or support himself, wholly or in part, upon any vehicle or part thereof while such vehicle is standing upon or passing over any part of any street without the express permission of the owner or the person in charge of such vehicle.

37. No parade or procession shall occupy or march on any street to the exclusion or interruption of other persons in their individual rights and the use thereof, except police and fire departments, the organized militia, the organized naval forces of the United States, military forces of the United States, the independent chartered forces, associations wholly composed of soldiers, sailors or marines honorably discharged from the service of the United States, veterans of the national guard or naval militia, and organizations of the order of Sons of Veterans, unless written notice of the object, time and route of such procession or parade be given by the chief officer thereof not less than twenty-four hours previous to its forming or marching to the Chief of Police of this city, and said Chief of Police may designate how much of the street or streets in width and what portion thereof such procession or parade can occupy, with especial reference to crowded thoroughfares through which such procession or parade may move, and when so designated, the chief officer of such procession or parade shall be responsible that the designation is obeyed.

Definitions.

38. The word "vehicle" herein shall include horses hitched to vehicles, horses ridden or led, motor vehicles of all kinds, bicycles, tricycles and everything on wheels or runners except street cars and baby-carriages, so-called.

39. The word "driver" herein shall include the rider or driver of a horse, the rider of wheels, and the operator of a motor vehicle.

Duty and Penalty.

40. Every driver and person in charge or control of a horse or vehicle shall obey and cause these regulations to be obeyed. Whoever violates any of the provisions of the foregoing regulations shall be punished by a fine not less than five dollars nor more than twenty dollars for each offense.

Section 2. This ordinance shall take effect upon its passage. All ordinances or parts of ordinances inconsistent herewith are hereby repealed.

OF THE

CITY OF NEWPORT

1911

Annual Report of the City Auditors.

Newport, R. I., December 20, 1911.

To the Honorable Representative Council of the City of Newport.

Gentlemen:—In accordance with the vote of the honorable Board of Aldermen, directing the Auditors to audit the accounts of the City Officials to the close of business October 31, 1911, we would respectfully report that we have examined the accounts in the various departments, and have reconciled the accounts with the accounts of the City Treasurer's Office.

We present herewith a statement of the receipts and disbursements of the City Treasurer's Office, also a supplementary list of securities purchased since June 30, 1911, for the account of the "Sinking Fund" and of "Trust Funds."

We would further report that the cash balance as shown in the City Treasurer's statement of Receipts and Disbursements has been proven with the Bank Account, all "Special Funds" in the care of the City Treasurer, also all securities in care of the Sinking Fund Commissioners representing the balances as shown by the books of the City Treasurer, have been examined and found correct.

Respectfully submitted,

ABNER L. SLOCUM,

GEORGE W. BACHELLER, Jr.,

Auditors.

Annual Report of the Board of Commissioners of the Sinking Funds for the City of Newport.

To the Honorable Representative Council of the City of Newport

Gentlemen:—The Board of Commissioners of the Sinking Funds for the City of Newport presents herewith its third annual report, for the year 1911.

The Board organized March 6, 1911, by the election of Mr. George Gordon King as Chairman and Thomas B. Congdon as Secretary.

The balance of the Alexander Agassiz Fund has been invested as follows:—

\$9,000 Chicago, Milwaukee & St. Paul Railway Company General Mortgage 4% Bonds @ 98.24.
\$20,000 Northern Pacific Railway General Lien Mortgage 3% Bonds @ 71¼.

The Sinking Fund Accounts in the Industrial Trust Company and the Island Savings Bank were withdrawn to the extent of 50% of the remaining balance and invested in Bonds.

Two dividends of 10% each have been received upon the \$100 of stock of the Bank of North America, New York, belonging to the Newport Poor Fund.

Bonds have been purchased for the Sinking Fund Account, as follows:—

\$20,000 Commonwealth of Massachusetts 3's of 1941 @ 84¾.
5,000 City of Providence 3's of 1929 @ 88.62.
10,000 City of Providence 3's of 1930 @ 88.16.
10,000 City of Buffalo 4's of 1931 @ 100.
10,000 City of New Bedford 3½'s of 1920 @ 96.37.
10,000 City of Minneapolis 4's of 1941 @ 99¼.
3,000 City of Providence 3's of 1929 @ 88½.

The Commissioners have collected for the Henderson Home Fund notes of \$2,000 from the Town of Coventry and \$4,000 from the Town of East Greenwich and have sold 25 shares of the American Smelting and Refining Company preferred stock and 17 shares of common stock.

The proceeds of change of investments of the Henderson Home Fund have been invested as follows:—

\$2,000 City of Providence 3's of 1930 @ 88.16.

2,000 City of Providence 3's of 1930 @ 88½.

2,000 City of Providence 3's of 1929 @ 88.62.

1,000 Commonwealth of Massachusetts 3½'s of 1941 @ 93¾.

1,000 City of Boston 3½'s of 1938 @ 93¾.

It is the purpose of the Board of Commissioners to reinvest the Newport Poor Fund, the Judah Touro Ministerial and Cemetery Fund and the Ellen Townsend Fund, in the near future, in bonds such as are approved as Savings Bank securities.

Appended hereto and made as a part of this report is the City Treasurer's annual accounts of the various funds held by the Sinking Fund Commission, which have been examined by the City Auditors and the securities verified by them.

In accordance with the Act of the General Assembly the Board of Commissioners of the Sinking Funds of the City of Newport respectfully requests the Representative Council to make an appropriation of Seventeen Thousand Eight Hundred Ninety-three Dollars (\$17,893.00) for Sinking Funds for 1912.

Respectfully submitted by the Board of Commissioners of the Sinking Funds for the City of Newport.

GEORGE GORDON KING,

THOMAS B. CONGDON,

Commissioners.

To the Board of Commissioners of the Sinking Funds for the City of Newport, R. I.:

Gentlemen:—I herewith present a financial statement of the various funds under your care and control as a Board of Commissioners of the Sinking Funds for the City of Newport.

Annual Report of the Commissioners of the Henderson Home for Aged Men.

To the Honorable, the Representative Council of the City of Newport:

The Board of Commissioners of the Henderson Home for Aged Men, in compliance with an Ordinance passed by your honorable body June 14, 1909, hereby respectfully submits its annual report.

The number of inmates in the Home on January 1, 1911, was two. One of these, William A. Barker, died February 25, 1911, aged 76 years 11 months and 5 days. During the year five others have been admitted. One of these, a veteran of the Civil War, voluntarily withdrew after a short stay at the Home. On December 31, 1911, there were therefore five inmates remaining in the Home, the eldest being 86, the youngest 60 years of age.

The total of income received by the board for the year 1911 has been \$7,608.63. The expenses and expenditure for the same period amounted to \$3,047.89, leaving an unexpended balance for the year of \$4,560.74. The written report of the treasurer herewith filed shows said receipts and expenditures in detail, as well as the total of accumulated balances.

There has been no change in the administrative offices of the Home and the work of the institution has proceeded quietly and uneventfully.

The number of inmates is slowly increasing but were the present number doubled the expense of operating the Home would be by no means proportionately increased. Therefore within certain limits an increase in the number of inmates is to be desired, first because it would more fully accomplish the beneficial purposes of Mr. Henderson's bequest, and secondly because it would tend to realize a more satisfactory economy of management.

DARIUS BAKER, Chairman.

THOMAS B. CONGDON, Secretary pro tem.

Annual Report

OF THE

Public School Committee

OF THE

City of Newport

1911

Annual Report of Public School Committee.

Newport, R. I., December 11, 1911.

To the Honorable Representative Council of the City of Newport.

Gentlemen:—The Public School Committee herewith present their annual report for the year 1911, together with the report of the Superintendent of Schools and of the Head-Master of Rogers' High School for the school year ending in June, 1911.

The registration at the end of the first term of this school year as compared with that at the same time last year is shown by the following table:

	Nov. 23, 1910.	Nov. 24, 1911.
Grades X-XIII (high school).....	520	557
" V-IX.	1,402	1,376
" I-IV.	1,605	1,616
Kindergartens.	183	211
Ungraded.	11	18
	<hr/>	<hr/>
Totals.	3,721	3,778

This shows a total increase this year of 57, which occurs in the high school and in the grades below the fifth. In the grades V-IX there is a decrease of 26. In these variations there is no apparent significance except as indicating the passing up through the grades of waves of increase or decrease in numbers such as are constantly observed. The registration in the high school has been steadily increasing since 1906 when the present building was first occupied and when the registration was 372. As the regular seating capacity of the twelve class rooms and the commercial room is 516, and as the present registration is 557, it is evident that the capacity of the building is being taxed after five years' use, whereas it was thought when it was built that it would meet the needs of the school for many years.

In the grades from I to V there is some crowding. In these grades are ten rooms in which fifty or more pupils are registered. The largest number in any room is sixty-four in grade 1 of Coggeshall.

There have been several changes in the corps of teachers during the year. Two have resigned for retirement, Mr. Henry W. Clarke after teaching fifty-two years in our schools, and Miss Henrietta C. Gorton after a service of forty years. Miss Julia F. Pitman resigned on account of ill health, but has been awarded the State Pension, to which she was entitled by her service of thirty-eight years. The following teachers and assistants have also resigned: Miss Edith A. Barber, teacher of drawing; Mr. C. C. Carey, teacher of commercial courses in the high school, and in grades below the high school Miss Hannah S. Wetherell and Miss Helen H. Brown, assistants, and Miss Emma A. Eddy and Miss Hilla B. M. Hedberg, regular teachers. Miss Katherine D. Whitman, a graduate of the Massachusetts Normal Art School, and an experienced teacher, was elected teacher of drawing, and Mr. Fred W. Johnstone, formerly principal of the Bolton, Massachusetts High School, was elected teacher of the commercial courses in the High School. Dr. Clarence A. Carr, a graduate of Brown University, and formerly a successful teacher in the ninth grade of Coddington, was elected to the principalship of Lenthal in place of Mr. Clarke, and to provide for the other vacancies the committee elected Miss Rowena McLellan, Miss Kathryn U. Sullivan, Miss Katherine P. Donovan, and Miss Alice M. Harrington, all of whom are graduates of Rogers and of the State Normal School and have served as assistants two or more years. Miss Agnes Buchanan and Miss Mary I. Leddy, graduates of Rogers and of State Normal School, Miss Marion B. Lester, a graduate of Rogers and of Brown University, and Miss Anita M. Barrett of Rogers and Smith College, were elected as assistants. Another temporary change of teachers has been made necessary by the prolonged illness of Miss Freeman, principal of Calvert. The committee has divided Miss Freeman's work between two substitutes and the Superintendent is acting as supervising principal.

Slight changes have been made from time to time in text-books and curriculum.

The rules of the committee governing the administration of this department have been revised, and at the November meeting the revised rules were adopted. Numerous changes were made, of which the following may be mentioned as among the more important: Hereafter in order to be admitted to the high school a pupil must receive an average of 70% in spelling, language, algebra and history. A general average of 60% for the year in the ninth grade will entitle a pupil to a grammar school diploma "provided the conduct and effort have been satisfactory," but will not admit him to the high school. This rule was adopted because the committee felt that pupils had been admitted to the high school without

adequate preparation. Further, "at the end of each term of the high school the principal of the Rogers shall report the names of delinquents and their records to the committee on high school, and he shall have power, with their consent, to demote those who have not shown the desire or the ability to do the work of their grade." It is believed that this rule will raise the average of scholarship in the high school, and prevent waste of time in the effort to carry those pupils who, either through inability or disinclination, fail to do their work, and who could use their time to much better advantage in other ways.

The committee has for a number of years followed the rule of electing as teachers only normal or college graduates. Consequently, assistants who were elected before this rule was in force, if they were not graduates of either normal school or college, could not hope to become regular teachers, however long and however well they had worked. Under the new rule a non-graduate assistant, who has served successfully for ten years becomes eligible for election as a regular teacher on an equal footing with normal graduates of the same year.

The organization of the standing committees of the Board has been changed so that it is hoped a better division of the work may be secured.

The Civic League has conducted, as in former years, a series of parents' days or evenings, in which the interest has been greater than ever before.

Mr. Greenlaw, Coles teacher of Physical Sciences, gave as usual two public lectures, the subject of the first being "A Glass of Cold Water," and of the second, "The Balopticon," a new optical instrument for projection upon a screen a magnified image of a small opaque object. The attendance at these lectures was greatly increased over that of former years.

The school playgrounds were kept open under supervision from June to September, and the average daily attendance of 266 indicated their popularity and usefulness.

The Palmer method of instruction in writing is proving its value. In October the evening schools were opened and, besides the usual classes in elementary studies, in bookkeeping, freehand and mechanical drawing, stenography and typewriting, a class in iron and machine work is being conducted. Last winter, when, for the first time, the last named class was opened, a protest was received by the committee from a local machinists' union. After giving careful consideration to their communication and after conference with representatives of the union, the committee were unanimously of the opinion that the objection urged against the

formation of the class were invalid and therefore the class was continued last winter and opened again this year. That there is a demand for such instruction is shown by the fact that the number in the class in January and October was in excess of the accommodations.

The unusually complete equipment of the Coles and Townsend schools is in great measure due to the generous gifts of Professor Alexander Agassiz, and year after year the reports of this department have contained acknowledgments of our obligation to him. Now the thanks of the department are offered to Mr. George R. Agassiz, who gave to the schools last year a fine portrait of Professor Agassiz, and this year he gives the sum of \$350, with the expressed wish that it should be expended as income and not laid aside as a fund.

The Teachers' Retirement Fund has been increased during the year by the usual payments from the salaries of teachers, by contributions from friends, and by the proceeds of several entertainments given by the schools for the benefit of the fund. Notable among these entertainments was that given on May 4 by the Mumford School, from which was realized \$173.00. The total amount of the fund at present is \$31,766.65.

The income of the King, Read and Pell funds have provided medals for amiability and for scholarship in the graduating classes of the ninth grades of Coddington and Mumford schools. This year a sum sufficient to provide medals for the ninth grade of Cranston was given by Mrs. Harold Brown, a former member of this committee, who has shown her friendly interest in our schools in many ways.

It has always been the custom of the City Treasurer to pay to the school department the money received as poll taxes as soon as it was received by him, so that it has been counted upon as school revenue available in the same year in which it was paid. According to a recent ruling of the City Solicitor, however, the poll receipts for this year will not be turned over to this department until May, 1912. In making the estimate of the amount of the appropriation needed for the schools this year the expected receipts from poll taxes were put down at \$400. The revenue will, therefore, fall short of the estimate by that amount, as the State pays to this city nearly \$100 less than last year the total shrinkage of the revenue below the estimate will be about \$500. It is probable, however, that by a careful adjustment of its apportionment this department may be able to avoid an overdraft.

For the Public School Committee,

CHRISTOPHER F. BARKER,

Chairman.

City Wharf.

Necessary repairs were made to the City Stable from time to time during the year. On December 6th, contract was awarded to Mr. Thomas Lucas to reshingle part of the stable roof for the sum of \$75.00. Other miscellaneous repairs were made at an expense of \$66.80.

City Scales.

The City Scales, located on City Wharf, have been in use for over twenty-five years. They are completely worn out, and beyond repair. I recommend that an appropriation be made next year to install a new set of platform scales.

Horses and Carts.

The appropriation of \$750.00 for horses was not expended this year, but, I would recommend that the same amount be appropriated next year as you cannot tell when horses will fag out.

The Chief of the Fire Department again this year loaned us the use of a horse, but he failed to last the entire season.

Mr. Benjamin Easton has kindly loaned the department a horse during the winter months for his "keep".

The carts and gears are repaired and repainted by the permanent employees of the department, during the winter months.

Removal of Snow and Ice.

This has been about an average year as far as expense is concerned, for the removal of snow. The total cost this year being \$1,871.61 is \$1,492.34 less than last year.

This office has prepared the following table, showing the cost of the removal of snow for the past ten years, viz:

1902.....	\$2,967.17
1903.....	8,049.79
1904.....	1,860.55
1905.....	2,752.04
1906.....	620.42
1907.....	4,087.16
1908.....	1,680.76
1909.....	804.54
1910.....	3,363.95
1911.....	1,871.61

\$28,057.99

This makes an average cost per year for the past ten years of \$2,805.79. It is very difficult to estimate the cost of removing snow. This year the appropriation was \$3,500.00 and the cost \$1,871.61, leaving a balance of \$1,628.39, but we may not be so fortunate next year. By referring to the above table you will see that it cost over \$8,000.00 in the year 1903.

Street Cleaning.

The cleaning of streets, other than the permanent pavements, was commenced on April 4th, and continued until November 17th, when the work was shut down until next spring.

The street cleaning gangs are divided into five sections, two of which clean the streets in the most inhabited part of the city; two other gangs cover the suburban districts, cleaning, mowing, weeding, etc; and one section covers Bellevue avenue during the summer months. The total loads of material removed this season was 8,709.

The permanent pavements are cleaned throughout the year, except in extreme cold weather, and when the pavements are covered with snow.

From our card index system, we submit the following table, showing the amount of work done by this part of the department, viz:

Cleaning Streets, Season 1911.

Collection and Disposal of the City Refuse.

This is the fifth and last year for the collection and disposal of the City Refuse, under the five year contract of Mr. J. J. Dugan, which expires on the first day of January, 1912.

Fifty-three complaints were made this year, which were adjusted by the contractor.

I again recommend this year that the City purchase a full equipment, and that the collection of refuse be performed by this Department.

Dumping accommodations are getting very scarce so I would also recommend that the City Refuse be carried out to sea. By the

disposing of the refuse in this manner, we would eliminate the nuisance of smoke in the burning of rubbish, and to a certain extent we would curtail the blowing of papers over the streets.

To adopt this system, a suitable house could be built on the City Wharf. We can have a slip on the west side, thirty feet wide and three hundred and twenty feet long. This could be excavated to a depth of say ten feet of water, which would accomodate two dump scows, one to be empty all the time to take the place of the loaded one, when at sea. This house could be absolutely dust proof, and built over the slip so that the scow could be put under same to load, the loading to be done when the carts arrive. The floor space would be large enough to turn the teams around and dump into the scows.

This department has been making some inquiries in the method of this kind of disposal, and we find that in no case has there been any complaint of the refuse returning to the shores, other than a few wooden pie plates.

We are of the opinion that we could get, free of cost to the City, labor enough to take care of the scows, by allowing certain parties the privilege of picking the junk, etc., thereby saving the expense of two men at dumps, which amounts to about \$1,400.00 yearly.

In disposing of the refuse by this system, the city would not be under any obligations to anyone owning land, for the privilege of using same for a dumping place, and which party may want to discontinue the use of same when most needed.

I have another proposition to make regarding the disposal of the City refuse. If the Almy Pond property was acquired by the City, we would have a dumping place which would last for some years.

A number of land-owners in this locality would be pleased to have this pond filled in, and a road built around it for driving purposes, leaving a small lake in the center. When the pond is filled, they would beautify the place by planting trees, shrubs, etc, making it into a recreation park for the use of the public, and in time, if it could be done, a continuance of Morton Park.

I have talked with a number of citizens regarding this project, and in no case was there any objection.

I recommend this proposition more strongly than I do the disposal by towing to sea.

Cleaning Catch Basins and Eyes.

As in former years, four men and cart are employed, during the year, weather permitting, in cleaning and flushing catch basins and

eyeholes. 1,623 catch basins and 862 eyeholes were cleaned, and 1,623 loads of material were removed during the past season, at an expense of \$3,632.48.

Cleaning Main Sewers.

This past season being so dry, we were not obliged to expend so much money for the cleaning of the main sewers, and the four men, who generally do this work, were employed in the repairing of the pavements of Broadway, Spring street and Coggeshall avenue, to very good advantage.

We have now about 48 miles of sewers, and the total cost of cleaning same this year was \$1,692.32, making an average cost of \$35.26 per mile for the year.

During the past fiscal year this department has inspected 111 sewer connections.

Sewer Plates.

I again call your attention to the condition of the sewer plates. These plates, which are very valuable records, should be preserved by backing them with cloth, or by replacing them with new ones.

Street Sprinkling.

Watering Streets.

Street watering commenced this year on April 27th, with three carts, and on May 2nd, 10 carts were added, then on July 8th, one more cart was put in commission. The watering was continued until October 27th, when all of the carts were in, with the exception of one, which continued at work until November 9th.

The total cost of watering this year was \$9,292.86, or about \$154.88 per mile, during the season.

Although the past season has been so very dry, the total number of watering days were 57 less than last year.

About 60 miles of streets were watered on an average of twice per day.

The following tables of statistics will give you the total amount of work done by each cart, viz:

Applying Dustoline

This is the fifth year that we have applied Dustoline to the roadbeds of certain streets, with the same excellent results.

We have purchased, during the past season, six tank cars containing 42,801 gallons of this material.

The total expense for applying Dustoline this year was \$2,837.53 or about \$166.91 per mile for the season, covering about 17 miles of 20 ft. roadbed. We now have 2,769 gallons of Dustoline on hand worth \$179.98.

Mr. Lamson, of The Dustoline for Roads Company, kindly made arrangements with the railroad company for the installing of a storage tank near a side track in the railroad yard, which made it much more convenient for us to apply the material. In former years, when a car of Dustoline arrived, we were obliged to immediately convey the material to the streets, but with the possession of the storage tank, we can keep a supply of the Dustoline on hand, and touch up the various roadbeds when most needed. I would also say that Mr. Lamson furnished and placed the storage tank at his own expense, with the understanding that it is his property.

Two hundred dollars was donated this year toward the cost of treating Broadway roadbed.

The following statistics will give you the full detail as to applications, viz.:—

Standard Oil.

The Point District and several other streets were treated with road oil, furnished and applied by the Standard Oil Company, with one of their Saybolt Oil Distributors, at an expense of \$705.54.

This machine applies the oil under pressure in a fine spray, penetrating the surface of the roadbed, which gives better results on new macadam or re-surfaced roads.

Headley Emulsion Oil.

On September 11th, 1911, we treated several streets with Headley's Emulsion Oil. This oil is mixed with water, six to one, that is to say, one part oil to six of water. The material was furnished to the city free of cost, with the exception of the payment of freight, and cost of applying. This road oil is highly recommended for steep grade streets, and gave good satisfaction. The streets should have received another application to have thoroughly tried out the experiment, but the company failed to send us the syphon to convey the oil from the iron barrels to the watering cart, so we were unable to make the second application.

The cost of freight and applying was \$12.48, and the following streets were treated under the supervision of a representative of the Headley Company, viz.:

- Touro Street, between Spring Street and Bellevue Avenue.
- Mary Street, between Thames Street and Touro Street.
- Church Street, between Thames Street and Bellevue Avenue.
- Mill Street, between Thames Street and Bellevue Avenue.
- Pelham Street, between Thames Street and Bellevue Avenue.

Quarry and Crusher.

The work of quarrying and crushing stone commenced on March 9th and continued until November 14th, when the plant was shut down for the winter. An extra appropriation of \$450.00 was

made this year for new crusher parts. \$445.33 was expended, leaving a balance of \$4.67.

The amount of stone quarried and crushed during the season was as follows, viz.: Ledge stone, 1,017 tons; crushed stone, 9,624 tons, making a total production of 10,641 tons.

The cost of quarrying and crushing stone this year was: Ledge stone, \$.75 per ton, and crushed stone, \$1.2077 per ton.

The present lease of the quarry expires this season, and the production is about exhausted. To continue work at this quarry would mean an extra expense of installing a pumping apparatus to keep the quarry free from water, which would of course increase the cost of production.

Steam Road Rollers.

The re-macadamizing and re-surfacing of streets commenced on April 10th and continued until November 10th, when the work was shut down for the season. The Engineers are employed during the winter months to clean and repair their rollers, to put them in proper condition for the spring work.

Bedlow Avenue Sewer.

An 8-inch sewer was laid in Bedlow avenue from a point between Thurston avenue to Cummings avenue east, for a distance of 862 feet.

Part of this sewer, about 72 feet, was relaid and the grade changed accordingly.

Appropriation \$850.00; expenditure \$564.90; balance \$285.10.

County Street Sewer.

A sewer was laid in County street, length 479 feet of 8-inch pipe. We expected to find rock in this locality and estimated accordingly, but owing to the soft condition of the earth, which made the excavating very easy, this department was able to lay this sewer at a much less figure than was estimated.

Appropriation \$1,100.00; expenditure \$572.60; balance \$527.40.

Kilburn Court Sewer.

In the laying of this sewer, we expected to be obliged to enter the Broadway sewer on the west side of the street, but, we found the Broadway sewer in the center of Broadway, which together with the light condition of the soil of the court, we performed the work at a much lower figure than was anticipated.

Length of sewer, 284 feet of 8-inch pipe.

Appropriation \$700.00; expenditure \$224.22; balance \$475.78.

Second Ward Sewerage System.

For many years a complex problem has been before the officials of the City as to the best method to dispose of the sewage and give relief to that section of the City, east of lower Kay street, Bliss road and vicinity. Various propositions have been considered from time to time, but none adopted until this year.

Several property owners, residing in this locality, again petitioned, and personally appeared before the Committee of Twenty-

five, strongly stated the existing unsanitary conditions and earnestly requested that they be given relief in the near future.

The Committee of Twenty-five promptly acted upon the petition and referred the same to the Committee on Highways and Bridges. At a meeting of the latter committee, Captain Joseph P. Cotton and Street Commissioner J. K. Sullivan were appointed a committee to draw up a proposed plan, showing the eastern slope of the city, locate the sewers most needed at the present time, submit estimate, etc.

This sub-committee immediately got busy and in a short time they presented to the Committee on Highways and Bridges, a detail plan, which was duly referred to the Committee of Twenty-five, who after giving the matter careful consideration, recommended an appropriation of twenty-five thousand dollars for the Second Ward sewerage system, and which appropriation was passed by the Representative Council.

Work was commenced by this department on April 18th by the laying of the sewer in Fenner Avenue, and the system was completed on November 15th, taking practically seven months.

Sewers not contemplated when plans were made, were laid in Bliss road, from Fenner road east, for a distance of 479 feet; in Eustis avenue from Taber street north, for a distance of 716 feet; Eustis avenue sewer from Water Works road south, as extended upon request of Mr. A. B. Emmons, for a distance of 500 feet. The discharge pipe was also extended to Prairie avenue, an additional length of 236 feet. Another change in original plan was in laying sewer in Whitwell avenue instead of Anthony avenue.

Total 8,649 ft. 2,820 ft. 1,310 ft.

Inlet pipe to sewerage tank, 44 feet of 15-inch pipe.

Discharge pipe, 1,036½ feet of 6-inch extra heavy cast iron pipe.

A total increase to our sewerage system of 2.62 miles.

Excavation for the large receiving tank, connected with the sewage pumping station, was commenced on July 20th.

This tank is 37 feet in diameter and 12 feet deep, built of brick, 12-inch work. Capacity below inlet about 60,000 gallons. The bottom is 2 feet thick and composed of reinforced concrete. Both the walls and the bottom are waterproof. The top of the tank is roofed over with concrete, reinforced with iron beams, and contains four 24-inch manholes for cleaning tank or otherwise. A 1¼-inch screen was placed around the suction pipes to protect them from rags and other foreign substances.

The pump house is 12 feet by 16 feet in size, built of buff brick, and shingled with asbestos to make the building as near fireproof as possible. The basement is of the same depth of tank, the bottom of which is also built of reinforced concrete, and waterproof. I traded common brick, worth nine dollars per thousand, for the buff brick, worth thirty dollars per thousand, brick for brick. This made quite a saving of expense in this respect.

The method of pumping in former recommendations was by steam pumps, which would need the constant attention of two or three engineers, fuel, etc. This would make the maintenance of the plant very expensive. To obliterate this expense of maintenance, the Street Commissioner recommended that two electric driven pumps, which work automatically, be installed, and his suggestion was adopted.

This office advertised on July 8th, for bids for proposed plans and for furnishing two electric driven pumps, installed complete, ready for work.

Two bids were received, one from the Newport Foundry and Machine Corporation and the other from Messrs. Scannevin & Potter.

The former submitted a very low price, but, the class of pumps, plans, and method of installing were very vague and very unsatisfactory, and although I repeatedly asked for a more complete specification, they failed to comply with my request.

Messrs. Scannevin & Potter fulfilled every requirement called for in the advertisement, submitting a full, clear detail as to quality

of pumps, plans, installation, etc., so after consulting a number of competent engineers and gentlemen, who are familiar with this class of work, I awarded the contract to Messrs. Scannevin & Potter, for the sum of \$2,747.00, but, to fully protect the city, I made a stipulation in their contract, to the effect that 20 per cent. of the contract price, amounting to \$549.40, would be retained by the City of Newport as a guarantee that the pumps would be in satisfactory running order at the end of six months from the date of completion and acceptance of their work. If, at the expiration of that time, the pumps were running properly, the 20 per cent. would be paid to them, otherwise, they would forfeit the amount retained.

The two electric driven pumps have 2-inch suction and 3-inch discharge. These pumps are placed in the basement of the pump-house on a level with the bottom of the tank. They are driven by two 7½ h. p. electric motors, one in operation, the other in reserve, and are guaranteed to discharge one hundred gallons per minute, which has been more than fulfilled. The discharge will be for a distance of over a thousand feet, and at an elevation of 38 feet. The motors are located on the first floor of the pump house.

Two pumps were installed with the idea to overcome any accident. If one pump should fail to operate, the other pump would immediately take up the work, or if at any time the amount of sewerage matter should be more than one pump could handle, the other pump will immediately come to its relief, and they will both work together. The pumps do not work until the floating suction gets to a certain point, which can be set and regulated. They will only need occasional attention by the chief foreman or some qualified employee of the department, without any extra expense to the City.

The cost of operation will be limited to practically electricity, which only can be determined by experience.

On July 12th this office advertised for bids for furnishing about 800 feet of extra heavy cast iron pipe to be used as a discharge. The contract was awarded to Mr. Thomas B. Connolly, the lowest bidder, for the sum of \$26.00 per ton. Later we found that it was necessary to extend this discharge pipe from Hunter avenue to Prairie avenue, to intersect the main sewer, a distance of 236 feet. This additional pipe was purchased of the Newport Water Works and the Newport Gas Light Company.

The Mayor and the Board of Aldermen made an official inspection of the sewerage system on November 15th, and they expressed themselves as highly pleased with the smooth and excellent operation of the system. The next day, the 16th of November, the

Second Ward sewerage system was put in operation, and so advertised in the daily papers.

This system is restricted to sewerage only, no cellar, roof or surface water to enter the same, and all permits are granted with this stipulation. The reason why this system is limited to sewerage is, because in consideration of the increased demands which will be made upon it, the system would not be of a large enough capacity to properly handle any surface water, especially during heavy rainfalls.

Twenty-four permits were granted up to and including December 16th to enter this system.

The department was very fortunate to have such a dry season to install this sewerage system, which was the means of reducing the cost of same very materially. Much more money would have been saved in the construction of the tank and pump house if we had not come in contact with a spring, which necessitated the installing of a steam boiler and pump and the employment of two men to operate same night and day. The Newport Water Works kindly loaned us the steam boiler and pump free of any cost to the city.

The total cost of the system was \$17,738.64, appropriation \$25,000.00, leaving a balance of \$7,261.36.

Bellevue Avenue Telford Macadam.

A Telford macadam roadbed was laid in Bellevue avenue from Kay street to Downing street, a distance of 1,028 feet and at an average width of 22 feet 8 inches. When this piece was estimated, we expected to be obliged to furnish all the stone required, but while excavating we found a large amount of stone that could be used in the construction of the new roadbed. This of course, reduced the expense of the work. The top material from this roadbed was carted to Gibbs avenue, and part of the cost of same was charged to this avenue.

Appropriation \$4,240.00; expenditure \$2,792.66; balance \$1,447.34.

Gibbs Avenue Macadam.

This avenue was macadamized from Friendship place to Water Works road, using in part the material taken from Bellevue avenue, and the balance of the stone came from City Quarry. The conditions found in the construction of this work were much different than was anticipated, consequently the cost was more than the appropriation. It was necessary to finish the macadam to protect the amount of work done.

Appropriation \$1,225.00; expenditure \$1,224.32; balance \$.68.

The extra cost, amounting to \$105.94 was paid from the appropriation for Street Repairs.

Ocean Avenue Seawall.

The sea wall, Ocean avenue, was extended for a distance of 452 feet, 9 feet high by 2½ feet thick.

Appropriation \$2,000.00; expenditure \$1,994.17; balance \$5.83.

I recommend that an appropriation be made next year to continue this wall for the protection of the Ocean avenue roadbed. About 598 feet more will complete the wall.

Wellington Avenue Wall.

Owing to bad weather, we were unable to finish this wall last season. The work was completed this year.

Appropriation \$200.00; expenditure \$199.69; balance \$.31.

Sea Wall, Cliff Walk at Webster Street.

I reported to your Honorable Body under date of September 21, 1911, that the sea wall at the extreme east end of Webster street at the Cliff Walk, was in a very dangerous condition and in need of attention. In my estimation the said wall will have to be built to meet the wall of Mrs. Robert Goelet. Her wall has fallen, which adjoins the city wall, and they both should be built at the same time to bond them together.

Ashhurst Place.

In giving the estimate for the improvement to this street, some misunderstanding was made regarding the amount of work to be done, and when we were about to perform the work, it was found that the appropriation was insufficient. We have however, charged the granite curb, which we have on hand at the City Yard, to this street, amounting to \$257.00, and I recommend that an appropriation be made next year to complete the work.

Appropriation \$525.00; granite curb charged up \$257.00; balance \$268.00.

Byrnes Street.

A new granite curb and gutter has been laid on the west side of Byrnes street, and the roadbed has been macadamized.

Appropriation \$1,100.00; expenditure \$1,031.69; balance \$68.31.

Coddington Street.

In laying the new granite curb on the south side of Coddington street, to replace the double gutter, a large amount of cobbles were removed, and these cobbles were used instead of granite culls in making the new gutter. This of course reduced the cost of construction.

Appropriation \$900.00; expenditure \$405.81; balance \$494.19.

Coddington Wharf.

This wharf has been improved by laying new granite curb and gutters on both sides and macadamizing the roadbed.

Appropriation \$2,225.00; expenditure \$1,707.58; balance \$517.42.

: Edgar Court.

Edgar court has received a new granite curb and gutter on the east side, and new granite curb and gutter on the west side from Bath road to the Swinburne estate, and the roadbed has been macadamized.

Appropriation \$2,500.00; expenditure \$2,328.41; balance \$171.59.

Freebody Street.

The west side of this street, from Martin estate to a point opposite Weaver avenue, has received a new granite curb and gutter, which greatly improves the conditions opposite Freebody Park.

Appropriation \$1,100.00; expenditure \$879.28; balance \$320.72.

McAllister Street.

A new granite curb and gutter has been laid on the north side and a flagwalk and granite curb gutter laid on the south side, also the roadbed of this street has been macadamized. The flagstone used, was some we had on hand at the City Yard.

Appropriation \$2,500.00; expenditure \$2,496.89; balance \$3.11.

Second Street, Between Sycamore and Cypress Street.

Second street, between the two points above mentioned, has been improved by the laying of a new granite curb and gutter on both sides, and macadamizing the roadbed. The stone used in the construction of the roadbed came from Diamond Hill, and was purchased from the Shepley Construction Company. This stone is of excellent quality and makes an exceptionally good macadam. The only drawback is in getting the stone here, and on the work. A storage plant, located near the railroad terminus, would facilitate matters in this respect.

Appropriation \$1,550.00; expenditure \$1,547.08; balance \$2.92.

Second Street, Between Van Zandt Avenue and Sycamore Street.

The above part of Second street has received a new granite curb and gutter on the west side, and part of the roadbed new macadam. The stone used came from Diamond Hill.

Appropriation \$465.00; expenditure \$463.86; balance \$1.14.

Sheffield Avenue.

Sheffield avenue from Malbone avenue west, for a distance of 600 feet, has been turnpiked and macadamized.

Appropriation \$1,325.00; expenditure \$1,321.51; balance \$3.49.

I recommend that an appropriation be made next year to finish this street.

West Pelham Street.

A new granite curb and gutter has been laid on the south side of this street, to replace the board walk.

Appropriation \$500.00; expenditure \$476.09; balance \$23.91.

New Street.

A street has been opened up, turnpiked and macadamized through the King Park land, between West Narragansett avenue and Wellington avenue. After completing the work, I considered the street unsafe for public travel, so I fenced up the same until next spring.

In the construction of the roadbed of this street, the small steam road roller, belonging to Mr. J. K. Sullivan, was used, because owing to the soft condition of the road, it was considered unwise to attempt to perform the work with one of the department's heavy rollers.

Appropriation \$2,500.00; expenditure \$1,784.35; balance \$715.65.

Wellington Avenue Widening.

Wellington avenue, from the Pier to Halidon avenue, has been widened. First we filled the space between the old roadbed and the newly built wall with the city refuse, then we macadamized same. The widening of the avenue at this point eliminates an exceedingly dangerous condition, which existed there. I would recommend that an appropriation be made next year to properly finish the work.

Appropriation \$500.00; expenditure \$445.18; balance \$54.82.

Granolithic Sidewalks.

For the first time in eleven years, an appropriation was made for granolithic sidewalks, to be laid in certain streets, a separate appropriation for each street.

Total appropriation \$16,150.00; expenditure \$10,372.06; leaving an unexpended balance of \$5,777.94.

The estimate of these sidewalks was figured upon a basis of the cost of previous years, but, owing to the exceptional good weather, the low cost of materials, and the efficient work performed solely by employees of the Department, we were enabled to do the work at a much less cost than was estimated.

Easton's Beach.

As usual, this year a man has been employed during the summer months in cleaning up the roadbed, mowing the grass plat, etc., at Easton's Beach. The iron fence has also been painted. Total expenditures during the year \$397.01.

I would recommend that an appropriation be made next year to lay a granolithic sidewalk from the Cliff Walk to the entrance of the Beach.

Forty Steps.

The Forty Steps have been considerably improved this year by removing the old wooden platform and replacing same with concrete. A new stone wall has been built, six feet west of old line, 92 feet by 5½ feet by 20 inches. The steps have been changed, facing south to west, and have been rebuilt with concrete. We placed an iron picket fence, 67½ feet long and 4 feet high on top of the wall, also replaced rail fence to avoid accidents.

This improvement is permanent and must be seen to be appreciated.

Appropriation \$1,025.00; expenditure \$773.69; balance \$251.31.

Van Zandt Avenue Bridge.

This bridge has been painted this year, under contract with Mr. T. B. Dawley, for the sum of \$160.00. Other repairs were made amounting to \$2.36. Total expenditure \$162.36.

Bridge Repairs.

The following bridges also received minor repairs, viz.:

Bedlow avenue	\$23 48
Girard avenue	14 46
Green Bridge, Ocean avenue	27 15
Total	<hr/> \$65 09

City Floats.

Repairs have been made this year to the City Floats, amounting to \$30.92.

Install Fountain, Touro Park.

The appropriation of \$75.00, for installing the drinking fountain on Touro Park West, was hardly sufficient to cover the cost of same. When I submitted this estimate, I was only considering the drainage of the waste, and not the complete work of installation.

This department laid the drain for the overflow, connecting the same with the Mill street sewer. Having some money left, we partly set up the fountain, but had to discontinue the work for want of funds.

The Board of Aldermen, on August 4th, passed a resolution authorizing and directing me to complete the installation of the fountain, and charge the expense to the appropriation for the maintenance of City Fountains. Although I hardly think that this was the proper proceeding to take, I employed Mr. Alex Booth to finish the work at an expense of \$18.80, which amount was charged up as directed by the Board of Aldermen.

I would recommend that an appropriation be made next year to perform the necessary plumbing work to put this fountain in commission.

Appropriation \$75.00; expenditure, including Mr. Booth's bill, \$149.97; balance, \$.03.

Washington Square Fountain.

A communication was received by the Board of Aldermen, under date of September 28th, 1911, from the National Humane Alliance of New York, advising the Board that the fountain that they had presented to the City of Newport had been shipped. This communication was referred to this department. The fountain was to replace the one on Washington square, but we had no appropriation to install the same.

Street Commissioner J. K. Sullivan, however, temporarily assumed the cost of the installation of the fountain, the expense of which was \$114.82, not including the lantern. An appropriation will have to be made next year for the amount, to reimburse the Street Commissioner.

Another appropriation will also have to be made for installing the fountain, which was formerly located on Washington square, to comply with the condition of the National Humane Alliance in presenting this city with a fountain.

Van Zandt Avenue Pier.

This pier is in a very bad condition, cribs are all rotting out. I would recommend that an appropriation be made next year to properly reconstruct the pier.

Ann Street Pier.

Ann street pier should receive next year, two or three new piles and other repairs that are necessary.

Tree Preservation.

This year, the State did not make an appropriation for the spraying of trees, to exterminate the Elm Beetle and Tussock Moth, however, we used the State sprayer and paid for both the labor and material. The cost of spraying this year, was, labor \$151.13; arsenic of lead \$66.13; trimming and removing \$81.71; leaving a balance of \$1.03. I would recommend that a much larger appropriation be made next year for tree preservation, as we need more money for the removal of trees, which blow down during heavy wind storms.

Bellevue Avenue.

Something should be done regarding the roadbed of Bellevue avenue, which is one of the principle drives of the City.

The macadam is unable to resist the constant traffic of the automobiles. Again this season as in previous years, we thoroughly repaired the roadbed, but in a very short time, the automobiles had picked up and filled the macadam with pockets, so that we were obliged to patch with fine crushed stone, for more than half of the season.

The cost of repairs and resurfacing the roadbed this year, other than the Telford macadam, amounted to \$1,752.53,, and of which amount, \$454.52 was for patching.

To save this annual expense, this avenue should receive a roadbed of the same construction as Coggeshall avenue, which is of tarvia.

In 1907 we laid a section of tarvia macadam in Bellevue avenue, between Bowery street and Perry street, and after four years' wear, the roadbed is in a very good condition.

To treat the whole length of the avenue in any one year would no doubt be too large a proposition to consider, I therefore would suggest that the work be done in sections.

I would recommend that an appropriation be made next year to lay a tarvia macadam roadbed in that part of Bellevue avenue, between Kay street and Bowery street.

Sewer Permits.

During the year 111 permits to connect with sewers were issued, making a total to date of 3,729 since the system was adopted in 1884. The number and description of fixtures connected were as follows:—

Annual Report

OF THE

Fire Department

OF THE

City of Newport

1911

Annual Report of the Fire Department

To the Honorable Representative Council of the City of Newport:

Gentlemen:—The Board of Firewards, in compliance with Chapter 16 of the City Ordinances governing the Fire Department of the city, herewith submits for your consideration their annual report of the condition and operations of the department under their charge during the year ending December 31st, 1911.

Accompanying this report will be found a roster of the department containing the names, rank and number of badge, occupation and residence of the members thereof, a statement showing the amount of the Fire Department appropriations and the sum expended for the maintenance of the department, a list of fires and alarms of fires, the damage occasioned thereby, and the amount of insurance thereon; also the amount of insurance paid as near as we have been able to ascertain.

We also append such suggestions and recommendations as we deem necessary to properly increase the efficiency of this department, and we trust they will meet your approbation.

The houses and apparatus in charge of the department are in fair condition and the force under good discipline, and they by their promptness in responding to, and efficiency in working at fires, have enabled the same to be confined to the buildings, with one or two exceptions, in which they originated, thereby preventing what in several cases threatened to be serious fires.

Manual Force of the Department.

New members have been elected to fill the vacancies in the several companies as they occurred during the year, making the call force at present number 118 men, the permanent force 22 men, the entire force numbering 140.

Horses.

The department, at the present time, owns 22 horses. three of these having been purchased this year.

Hydrants.

The number of hydrants in service December 31st, 1911, was 313, six having been added this year.

Hose.

The amount of hose on hand at this date is 12,000 feet, of which 8,300 feet are in good condition, 2,450 feet in fair condition and 1,250 feet in poor condition. We should recommend the purchase of 1,000 feet of hose, same brand as now in service. There were 33,000 feet 2½ inch fire hose laid and wet, 5,800 feet of chemical hose wet, and 1,664 gallons of chemical fluid used.

Repairs to Stations.

Only such repairs were made as were absolutely necessary to keep them in serviceable condition, the most extensive being an entire new floor in apparatus room, No. 7 Station, painting apparatus room, No. 1 Station, painting entire interior No. 4 Station, old wooden floor removed and space filled in and a concrete floor laid in annex to Chemical, No. 1 Station, and new heating apparatus installed in No. 4 Station.

New Purchases.

Three new horses—two for Hook and Ladder Co., No. 1, and one for Steamer Co., No. 2, 1,000 feet 2½ inch hose, three new fire alarm boxes, one No. 231, Spruce street, corner Heath court, one No. 211, Halsey street, one No. 521, Coggeshall avenue, corner Ruggles avenue. Six new hydrants have been installed.

Apparatus.

All the apparatus has been kept in good serviceable condition. Here I wish to call the attention of your Honorable Body to the age of our steam fire engines now in service and the liability of any one of them giving out, and request that provision be made by making an emergency appropriation of \$1,000.

Property Condemned.

Two horses condemned and sold at public auction, for which was received \$298.25 and the same paid to the City Treasurer.

In closing, I wish to thank His Honor, the Mayor, the Board of Aldermen, members of the city government, the Chief of Police and the department under his direction, and all citizens who have in any way assisted the department in the performance of its duties.

To the officers and members of this department, I wish to especially extend thanks for the faithful performance of the many duties assigned them.

Respectfully submitted,

ANDREW J. KIRWIN,

Chief of the Fire Department.

Obituary.

Ex-Assistant Engineer of Fire Department George A. Brown, whose term of office expired January 1st, 1911, died March 23rd, 1911. Funeral services were held at Kay Chapel on Sunday, March

26th, and were attended by the entire Fire Department and past members. Assistant Engineer Brown was a member of the Fire Department for quite a number of years, being attached to Hand Engine Cos. Nos. 2 and 7, and Steamer Co. No. 5 as hoseman. He was also foreman of Steamer Co. No. 1.

Stephen H. Sullivan, permanent driver of Fire Department and attached to Combination Co. No. 2, died July 27th, 1911. The burial occurred on Sunday, July 29th—the entire Fire Department and past members attending. Driver Sullivan was a member of Hand Engine Co. No. 6, foreman and driver of Hose Co. No. 6, and at the formation of Combination Co. No. 2 to take the place of Hose Co. No. 6, he was made driver of Chemical No. 2.

William G. Bosworth, ladderman, Truck Co. No. 1, died quite suddenly on Saturday, September 16th, 1911. The obseques were held at his late home on Spring Street, September 19th, the remains being escorted to the cemetery by Truck Co. No. 1 and members of other companies.

Annual Report

OF THE

Board of Health

OF THE

City of Newport

1911

Annual Report of the Board of Health.

City Hall, December 31st, 1911.

To the Honorable Representative Council of the City of Newport.

Gentlemen:—The Board of Health herewith presents its annual report for the year 1911.

Organization.

The Board organized January 7th, 1911, by electing Dr. Rufus E. Darrah, President, and Mr. Frank M. Greenlaw, Secretary.

Thirty-three meetings and one public hearing have been held during the year.

Deaths.

Contagious Diseases.

There were reported to the Board during the year thirty-eight (38) cases of scarlet fever, with no deaths; thirty (30) cases of diphtheria, four (4) of which were imported cases, with one (1) death; twenty (20) cases of typhoid fever, eleven (11) of which were imported cases, with three (3) deaths, two of which were of the imported cases; seven (7) cases of measles, with no deaths; fifty-two (52) cases of pulmonary tuberculosis, with twenty (20) deaths; one case of anterior poliomyelitis, with one death; fourteen (14) diphtheria germ carriers.

During the year there have been committed to the Newport Hospital and cared for under contract thirty-three (33) cases of scarlet fever, twenty-seven (27) cases of diphtheria and fourteen (14) diphtheria germ carriers. This Board believes it to be for the best interests of the city that there be a renewal of the contract between the City of Newport and the Newport Hospital for the care of these cases—all cases of scarlet fever and diphtheria.

Pulmonary Tuberculosis.—The number of cases of pulmonary tuberculosis reported during the year is the largest record of any one year since the enactment of an ordinance requiring all physicians to report all cases of such disease. We again emphasize the fact that this Board believes that it is absolutely necessary that a place be provided for the segregation and care of all chronic cases. Just as long as these cases are permitted to remain in their

homes and cared for there, numerous centres of infection will always exist and will be a constant menace to the public health. Upon investigation we have found a number of acute cases contracted from the old or chronic case.

At the meeting of the National Association for the Relief and Prevention of Tuberculosis, which was held in Denver this year, and which the President of this Board had the honor to attend, the Association endorsed in the most emphatic manner that the isolation and segregation of all chronic cases is the only safe and proper course to follow in order to control the spread of this disease. It was clearly pointed out that the care of the chronic case was lost sight of in the enthusiasm to care for and treat the acute case ever since war has been waged against the disease. With these facts and knowledge at hand and it being the intention to do all that is possible to eradicate the disease from our city it is time for an immediate change in the method of caring for these cases.

Responsibility rests upon this department to protect the community from this disease, therefore, this Board recommends that before any action is taken by your Honorable Body toward providing means for the care of chronic cases of pulmonary tuberculosis that this Board be conferred with.

Typhoid Fever.—The low record of cases of typhoid fever is a source of much gratification to this Board. Out of a total number of twenty (20) cases, eleven (11) were contracted outside the city, and the remaining nine (9) were sporadic in origin and were located in different parts of the city. No secondary case occurred in the same locality from the first infection. This is the lowest typhoid fever record since the creation of this Board in Nineteen Hundred and One.

Other Contagious Diseases.—This year anterior poliomyelitis was made a reportable disease and while there occurred several cases during the previous year but one case was reported this year.

As a whole the city has been fortunate in the comparatively small number of contagious disease cases occurring during the year. The same strict enforcement of the law and of the rules of this Board has been carried out and with the continued support of the public and with all the means at hand the same good results that have been, we believe, will continue to be accomplished.

Medical Inspection of Schools.

The same high standard of medical inspection of schools has been continued, and in many instances more in detail. The Board has been able with the assistance of the school nurse to correct certain unhealthy conditions that have occurred among the school

children. All cases of scabies, impetigo contagiosa, pediculi and nits and other infectious conditions found in the schools by the Medical Inspectors are cared for in their homes by the school nurse and no child is permitted to return to school until they are in a healthy and cleanly condition.

A systematic examination of the eyes of the school children has been made by the school nurse and in all cases of defective vision the parents were notified. In cases where the parents were unable to retain the services of an oculist said cases have been referred to and treated by the oculist of the Board. In all two hundred and seventy-two cases of defective vision were found, and of this number sixty-nine cases have been treated by the oculist.

Milk Inspection.

In the comparative short space of time that the Board has had supervision over the production and sale of milk much has been accomplished. After several conferences with a committee from the Milk Producer's Association a code of rules and regulations was adopted which amply protects the health of the community and which was satisfactory to the producers.

There have been several marked instances of the advantage attained by this Board having absolute authority over the production and sale of milk. In but one case was it necessary for the Board to take action ordering the discontinuance of a producer's supply, and that was owing to a number of cases of scarlet fever occurring on his milk route, it being proven that the supply was the source of infection. In all other cases the Board was enabled to thoroughly protect the health of the public without adopting any extreme measures.

Food Inspections.

Acting upon authority conferred upon this Board by an act of the General Assembly, passed at the January Session, Mr. William S. Hazard was appointed Inspector of Food Products. The advisability of having such an officer has been clearly demonstrated by the results obtained.

The work of the Inspector has not been confined to the seizures and condemnations of diseased, decayed and unwholesome food products, but it has been his duty to see that at all times that all markets, stores, storehouses and all other places where food products are exposed and offered for sale are in a cleanly and sanitary condition. This means a daily inspection of a majority of these places and entails much detailed work. Especial attention has been given to refrigerators and ice boxes. The Board has received the co-operation of a majority of the dealers in carrying on this work.

REPORT OF BOARD OF HEALTH

Garbage and Refuse Disposal.

It is gratifying to know, after repeated recommendations by this board, your Honorable Body has taken steps to bring about the corrections of the existing insanitary conditions of the present methods of the disposal of garbage and refuse. This Board has met with your committee appointed by your Honorable Body to consider the question of the sanitary disposal of household waste. As a Board of Health we emphatically endorse the recommendations and conclusions of the joint committee and earnestly recommend that steps be immediately taken to bring about the abolishment of such insanitary and disease breeding places as we now have with our present methods of disposal.

Sewerage.

This Board has always recognized the importance of providing for proper and adequate sewerage facilities, and we commend the action of your Honorable Body in providing for a sewerage system in a district which has always been a source of great trouble and annoyance.

While the system installed can meet all the requirements necessary, yet certain insanitary conditions are forced to exist owing to the inadequate outlet of our sewerage system. It is absolutely necessary for the maintenance of a proper and adequate sewerage system that steps be taken to correct the present conditions. In order to put our sewerage system upon a proper and sanitary basis we recommend that your Honorable Body appoint a commission to thoroughly investigate, study and report upon the question of sewerage for this city.

Lodgers.

There were registered at the police station during the year just past, sixty-seven weary travelers, two of whom were females, and all were accorded the meager hospitality of the civic caravansary.

In 1910 the number of lodgers was eighty-eight, one a female.

Licenses. Dogs.

Licenses were issued in 1911 for eleven hundred and seventy-three (1173) male dogs, two hundred and eleven (211) female dogs, and twenty-four (24) kennels, and the fees, amounting to two thousand, four hundred and sixty-eight (\$2,468.00) dollars, paid to the City Clerk.

Licenses. Vehicles and Drivers.

Licenses were granted by the Board of Aldermen for one hundred and forty-eight (148) hackney carriages, one hundred and eighty-six (186) hackney carriage drivers, seventy (70) wagons, and eighty-three (83) wagon drivers, and the fees collected, amounting to three hundred and eighty-nine dollars and fifty cents (\$389.50) paid to the City Clerk.

The Force.

On September 24th, 1911, Patrolman Edward H. Easton, on account of physical disability, was placed on the retired list.

He was appointed a special policeman in 1880 and served during the summer seasons until June 6th, 1882, when he was elected a permanent policeman by the City Council.

Upon the re-organization of the Police Department in January 1886, he was appointed, by Mayor Powel, a member of the permanent police force, and from that date up until a short period of time previous to his being retired, he served the city steadily, faithfully, and intelligently.

The vacancy, caused by the retirement of Easton, was filled by the appointment of John F. Shea, who has served as a special policeman almost continuously since his appointment as such by Mayor Honey.

In September, 1911, the Honorable Representative Council adopted an amendment to the ordinances, whereby the police force was increased to the extent of four additional patrolmen, and on September 23rd, 1911, His Honor, Mayor Boyle, appointed the following named men as patrolmen:—Patrick J. Furey, Edward C. Sullivan, James Hamilton and Berger M. Boreson, who all accepted and qualified.

The four additional patrolmen were needed to establish two new post—one in the upper "Point" section, bounded by Bridge, Thames, Long Lane, Cypress and Washington Streets—the other, Thames, from Dearborn, south and west, taking in the Ocean Drive and the adjacent streets and roads, the latter post being covered—roads and weather permitting—by bicycle, and right here seems a good opportunity to suggest that more effective work could be accomplished with a motorcycle, instead of a bicycle.

The territory covered by the creation of the new posts, has, in the past, been only occasionally patrolled during the summer months, and, regarding the Ocean Drive, during the day time only, and we are but now able to comply with many requests (of several years standing) of heavy taxpayers who reside on the Ocean Drive and vicinity, that they be accorded adequate police protection.

There exists a growing demand for additional police in other sections of our city, and, we trust, that before any great length of time has elapsed, the Honorable Representative Council will see its way clear for another addition to the Force.

Police Station.

We are still doing business at the old stand, and, betimes, discussing the chimerical new police station, which much talked of edifice, is, apparently, as near attainment as it was five years ago.

The present structure is not improving with age, not even to the extent of becoming picturesque—it is only inconvenient, cramped, and unsanitary.

Details are superfluous—they have been presented, hashed and re-hashed, and the one dominant fact remains—a new police station is an absolute necessity.

Patrol Wagon.

This very essential piece of apparatus is in need of repair, the tires being worn, the wheels are rickety, and the paint and varnish is dim with age and use—to my mind, a motor vehicle would be more economical to maintain.

Sidewalks.

Again I recommend and urge the adoption of an amendment to the present ordinance in relation to the removal of snow and ice from sidewalks, to the effect that either the Highway or Police Department (preferably the former) be authorized to remove snow and ice from, and otherwise make safe the sidewalks abutting the estates of owners or occupants who neglect to comply with the requirements of existing ordinances, and provide in said amendment that the expense incurred be chargeable to the estate attended to and collectable in the same manner as are taxes.

There are, in Newport, many unoccupied and undivided estates, the heirs to which are scattered to all quarters of the globe, and each succeeding winter we make an effort to get in touch with these non-resident owners, and with variable success.

It would be a simple matter to prosecute those who violate the provisions of the ordinances now in force and who are easy of access, but, to me, it does not seem at all equitable to impose a penalty on them, and because we cannot reach them, permit the absentees to go unpunished.

Traffic.

The Traffic ordinance, enacted by the Honorable Representative Council in 1911, has given, and is giving, quite general satisfaction, and has, with surprisingly few exceptions, been generally observed.

Conclusion.

To the Mayor, the Honorable Patrick J. Boyle, we tender our sincere appreciation of the just and human manner in which he has disposed of matters pertaining to this Department, and we trust that his efforts, coupled with the efforts of the Honorable Board of Aldermen, will terminate in results both successful and satisfying—not alone to them but to all our citizens and the dwellers in our midst.

We desire to thank the Honorable Representative Council for its kindly consideration of the needs of the members of this Department, for the granting of days off, and for other measures adopted for the substantial betterment of our conditions.

My thanks are due to the members of the Force for earnest application to duty, realizing as I do, that the infrequency of capital offences in our city, is, to a great extent, attributable to their efforts.

JAMES R. CROWLEY,
Chief of Police.

Annual Report of the License Commission.

Newport, R. I., December 30th, 1911.

Office of the Board of License Commissioners.

To the Honorable Representative Council, Newport, R. I.:

The Board of License Commissioners herewith submit a report of their department for the term ending December 30th, 1911.

5 club licenses @ \$25	125 00

Total received \$27,350 00

The expenses of the Commissioners have been as follows:—

Newspaper advertising, as required by law	\$78 00
Taxicab hire for official inspections	18 00
Necessary office expenses, supplies, etc.	8 00

Total expenses \$104 00

Two hundred dollars having been placed at the Commissioners request by the Representative Council for their yearly expenses, \$94.00 of same is reported unexpended.

The salaries of two commissioners are \$200.00 each and for the third acting as clerk to the Board \$250.00, making salaries of the Board \$650.00.

Respectfully submitted,

JOHN MAHAN,
Chairman.

ARTHUR B. COMMERFORD,
Clerk.

Annual Report of the Inspector of Buildings.

Newport, R. I., December 30th, 1911.

To the Honorable Representative Council of the City of Newport,
R. I.

Gentlemen:—The Inspector of Buildings herewith respectfully submits the following report of the year Nineteen Hundred and Eleven.

I deemed it necessary to make a detailed examination of all the churches, public halls, hotels, department stores, and apartment and lodging houses, in the city to ascertain how strict a compliance there was with the laws of the state and city in regard to providing fire escapes, passageways, stairs and stairways. In making this examination I was accompanied by the Chief Engineer of the Fire Department and we found an apparent disregard to comply with the law on the part of some owners and in such cases steps were immediately taken to enforce the provisions of the General Laws.

I am glad to report that in but one case was it necessary to bring action in the Court, and after the assignment of the case in Court the defendant pleaded guilty, paid the cost of the case, and immediately made the necessary changes to comply with the requirements of the law.

In one case of fire the Inspector rendered a decision that the building was destroyed greater than three-fourths of the previous value.

The owner of the premises appealed from the decision of the Inspector and appraisers were appointed and agreed upon, and a majority report of said appraisers was filed at this office that the building was destroyed to an extent of 65 per cent. of its previous value. The minority report of said appraisers stated that the building was destroyed to an extent of 77 7-9 per cent. of its previous value.

In every case where I have been unable to cause a compliance with the law I have brought action in the Courts and some of the cases are now pending for trial or settlement. In the cases brought against parties who have changed their location of business and put up overhanging signs, the Court has ruled that a party may remove an overhanging sign from one location to another.

If it is the intention of the Representative Council to cause the removal and abatement of all overhanging signs I would respectfully suggest an amendment to the present ordinance in order to provide a proper enforcement of the law.

There is a disposition on the part of most all the contractors and builders to comply with the provisions of the ordinance. In many instances I find there is need for change and amendment and addition to the Building Ordinance and I would suggest the appointment of a committee of the Representative Council to look into the matter.

At all times during the year all the building operations in this City have been under my inspection, and it has been my purpose to cause an enforcement of all the provisions as set forth in the laws of the State and City.

Permits have been issued for building operations in the City of Newport classified as follows:

Character of Building	Number	Value Estimated
Residences and Cottages	70	\$210,493 00
Additions to buildings	100	114,670 00

Annual Report of the Park Commission.

To the Honorable Representative Council of the City of Newport:

Gentlemen:—The Park Commission presents the following report for the year 1911:

All the parks, cemeteries, squares, public bathhouses and public convenience which are under the control of the Park Commission have been kept in good order and repair.

Band concerts, both evening and Sunday afternoon, were given as usual during the summer in Battery, Touro and Morton parks and the Mall.

The public convenience has been kept open day and night since April 1 and will remain open the year round.

The band stand on Touro Park has been painted and repaired.

New fences were placed around Liberty Square and at the westerly end of King Park.

Sanitary drinking attachments were placed on all the drinking fountains.

A large amount of dead wood has been removed from the trees in Morton Park.

King Park West, at the foot of Halidon avenue, has been greatly improved, new soil, trees and shrubs having been put in, adding to the appearance and making the King Park and the turn from Wellington avenue to Halidon avenue more attractive.

The new park given to the city this year has been designated as King Parkway, on account of its proximity to King Park.

From a dumping ground this tract of land has begun to take on the appearance of a park, hundreds of loads of new soil have been carted and spread, stones raked off and trees planted. Much remains to be done and in another year with a good appropriation, the work can be completed.

A statement of the receipts and expenditures is appended.

Annual Report of the Inspector of Plumbing.

To the Honorable Representative Council of the City of Newport:

Newport, R. I., December 31st, 1911.

Gentlemen:—The Inspector of Plumbing herewith presents his annual report for the year 1911.

During the past year the sanitary conditions of the city have been bettered to a great extent by the adandonment of a great many outside privies and cesspools. One of the greatest improvements is the drainage plant in the north part of the city, which is being taken advantage of by the people living in that section. The plans filed at this office during the past year were for a great many single water closets and sinks, which show that the people are awakening to the fact that sanitary conditions are more healthful to owners as well as occupants of the different estates throughout the city. There is still a great deal that can be done in the way of sanitary conditions, such as galvanized sink wastes, cesspools and the outside privy vaults, but these are being done away with as fast as possible, and in the near future there is no reason why the city should not be considered in the best of sanitary condition.

The number of plans filed during the past year were 225, of which 153 were old houses and 72 were new houses. Of the different plans only four of the number were connected to cesspools, and that for the reason of no sewer in one section and the others were near the shore and connected to private sewer pipes. On the plans filed there were 290 water closets, 165 wash basins, 147 bathtubs, 151 sinks, 86 wash trays, 5 urinals, 6 drinking fountains, 5 slop hoppers. On the 225 plans I have made 486 inspections and numerous minor inspections. I have also been called on for several smoke tests of plumbing work.

Summary of Work.

Annual Report of the Inspector of Milk.

To the Honorable Representative Council of the City of Newport:

Gentlemen:—The Inspector of Milk respectfully reports that during the year 1911 the law regulating the sale of milk was published as the law requires. 229 applications were made for licenses, 117 for dairymen and 113 by stores, saloons and restaurants; 3 were for cream and 3 for skimmed milk, and no samples were taken from restaurants, drug stores, saloons or confectioners. Samples were taken where milk was sold by can or measure. Only two dairymen and seven stores gave up selling milk before samples were taken. One prosecution was made for selling milk without a license. In all 218 samples were tested, all of which were above the standard required by law. The average number of quarts daily is 12,198 new milk and 130 skimmed milk.

The following tables give the result of the tests made:

Annual Report of Sealer of Weights and Measures

To the Honorable Board of Aldermen of the City of Newport:

Gentlemen:—The Sealer of Weights and Measures herewith presents his report for the year 1911.

Pursuant to the Public Statue of the State of Rhode Island, the law in relation to the sealing of weights and measures was duly published.

I have sealed measures for eighty-five milk carriers, have visited all places of business, sealing all scales and measures found in use and have sealed sixteen hundred milk jars.

Respectfully submitted,

J. J. CONNELL,

Sealer of Weights and Measures.

Annual Report of the Inspector of Kerosene

To the Honorable Board of Aldermen of the City of Newport:

Gentlemen:—The Inspector of Kerosene herewith presents his report for the year 1911. I tested and stamped the tanks of the Standard and Texas Oil Companies, finding all oil 40 to 42 degrees above requirement by law.

Respectfully submitted,

J. J. CONNELL,

Inspector of Kerosene.

Annual Report of Harbor Master

To the Representative Council of the City of Newport:

Gentlemen:—Following you will please find my report for the year ending December 31, 1911:

During the past year there has been an unusually large number of yachts, steamers, coasting vessels, barges, etc., in Newport harbor.

The harbor at the present time is being dredged to a depth which will give 18 feet of water at low tide and this will probably increase yearly the number of vessels using same.

During the year 19 barges and 25 miscellaneous vessels and boats were removed from the ship channel.

Respectfully submitted,

THOMAS SHEA,

Harbor Master.

Newport, R. I., December 31st, 1911.

Annual Report of the Health Officer

To the Board of Aldermen of the City of Newport, R. I.:

Gentlemen:

Following you will find my report for the year ending December 31, 1911:

On April 29, 1911, steam yacht Aloha, Mr. A. C. James owner, arrived from Havana, Cuba.

On August 17, 1911, German cruiser Victoria Louisa arrived from Halifax.

Both of the above vessels showed clean bills of Health.

Respectfully submitted,

THOMAS SHEA,

Health Officer.

Newport, R. I., December 31st, 1911.

Annual Report of the Dog Constable

To His Honor the Mayor, and to the Honorable Board of Aldermen of the City of Newport:

Newport, R. I., December 31st, 1911.

The Dog Constable respectfully reports as follows:

I have the honor to report that I have killed 512 dogs and I have registered 1,728 dogs for the year 1911.

Respectfully yours,

C. U. HALLOCK,

Dog Constable.

Newport, R. I., December 31, 1911.
